Dry Cleaning Prices To Rise 10 Pct.

Marin dry cleaning prices will go up about 10 per cent in three to four weeks, it was announced today by Bert Brown, president of the Marin County Dry Cleaners Assn.

At the same time it was announced in San Francisco that prices there would be raised 10 to 20 cents an item within the next month.

Joseph Kearn, president of the San Francisco Retail Cleaning Plant Assn., said the price hike has been made necessary by increased labor costs.

Brown said that although employees of Marin association establishments are not unionized, employers attempt to keep salaries on a level with those of the union. Hence, he said, the increases here would reflect salary raises.

(Union cleaning plants in Marin are covered by the San Francisco contract.)

Brown said Marin increases would be 10 per cent on an average. He said he was not speaking for dry cleaning establishments usually run in conjunction with a laundry and which are not members of the association.

He said men's suits would go up from around $1.95 to about $2.14 or $2.15, but that women's suits also, previously priced at $1.95, would go to about $2.25.

Brown said women's suits are becoming fancier, with full linings and cuffs, and it takes

Women Sound Battle Cry On Billboards

Senator McCarthy Heads Crusade Meet In Capital

(COMBINED AP AND UPI)

SACRAMENTO — A small battalion of housewives sounded trumpets today to blow down the billboards along California's scenic highways.

They got a rallying call and a timetable yesterday for placing a billboard control initiative measure on the November, 1960 election ballot.

They also got encouragement from the governor and, on a poster the size of a billboard, a slogan:

"Keep California Clean, Green and Seen."

State Sen. John F. McCarthy (R-San Rafael) called the meeting in the Capitol after a Senate committee had crippled with amendments his bill to regulate outdoor advertising on scenic highways.

"This was not an extreme proposal because I believe outdoor advertising is a legitimate business as long as it is not allowed to mar our wonderful California landscape," McCarthy said.

"We've seen how powerful the billboard lobby is, but they can't pressure the people of California," he told an audience composed mostly of women.

A delegation of nearly 40 Marinites chartered a bus to attend the meeting. The bus carried its own signs, one on each side: "Fight Billboard Blight."

"They were attractive white signs to match the bus, with neat black letters," explained Mrs. Kent Seymour of Mill Valley. "They didn't detract from the scenery."

McCarthy said the billboard "crusade" would need about 600,000 signatures, taking into account invalid signatures, to qualify for the ballot.

He urged the 250 persons in attendance to start collecting signatures this summer, to take advantage of county fair crowds, and to continue through the fall and then capitalize on Christmas shopping throngs.

Asked whether he plans to advertise on billboards to get the initiative through, McCarthy replied:

"We'll build our own. And on each one there'll be a sign

RUSS DEMANDS DEADLOCK BIG FOUR TALKS

GENEVA (UPI)—Soviet Foreign Minister Andrei Gromyko publicly disclaimed any new ultimatum on Berlin today, but he said the "Soviet Union never would sign any document which would mean the perpetuation of the occupation regime in West Berlin."

As the foreign ministers' conference moved toward its sixth week, Gromyko's statement left the Soviet position unchanged and led Western ministers to question the advisability of continuing the talks, now on a day-to-day basis.

But they will continue at least through Monday because Secretary of State Christian Herter has asked for another secret session then.

McElroy Unveils Air Defense Plan

Asks Bomber Defense Cut, Speedup In Anti Missiles

WASHINGTON (UPI)—Defense Secretary Neil H. McElroy today unveiled a new air defense master plan calling for a $1,500,000,000 cutback in defenses against manned bombers, but speeding development of anti-missile missiles.

McElroy outlined the new program for the Senate Armed Services Committee behind closed doors. Chairman Richard B. Russell (D-Ga.) later gave newsmen an account of his testimony.

Russell said that both anti-aircraft missiles involved in the current Army-Air Force feud—the Army's Nike-Hercules and the Air Force Bomarc—would be cut back. The Bomarc would take somewhat bigger cutback, at least in the immediate future.

Russell and Sen. John C. Stennis (D-Miss.) said McElroy estimated savings resulting from these cutbacks at $1,500,000,000 over the next five years before these weapons are eliminated from the defense plueprint in 1965.

But the Army's Nike-Zeus anti-missile missile will be speeded by spending $157,000,000 for research and development in the fiscal year starting July 1.

The Nike-Zeus was described by Russell as "the hope for the future" in defending the nation against ballistic missiles. (See related story on page 2.)

Russell commented that the air defense plan "continues to involve a mix of the two missile systems." He said he generally approved of retaining both the Nike-Hercules and the Bomarc but would personally have preferred deeper cuts.

As to whether he regarded the new plan as a "solution to the problem of duplication in missile programs," Russell said, "No, I wouldn't say that."

"As I understand it, this program does not have the unanimous support of the joint chiefs of staff," Russell said.

He declined to elaborate.

McElroy told newsmen that the big shift toward anti-missile defense "seems wise." He emphasized, however, that manned bombers will remain a seconday threat even after Russia has intercontinental ballistic missiles (ICBM) in large numbers.

Asked if the "master plan" would end the bitter rivalry between the Army and Air Force, McElroy said: "I don't think that Utopia will ever come."

Marin Ready To Give Dope Addict Tests

In a renewed drive to keep Marin free of narcotics users, the county is now prepared to administer the Nalline test for suspected dope addicts, Dist. Atty. W. O. Weissich announced today.

The test, used by several other Bay Area counties, is a scientific way to determine whether a suspect is addicted to dope.

DUFFICY CERTIFIED

County Physician Rafael G. Dufficy has been certified by the state Department of Justice to administer the test, and the County Health Department has given its backing, Weissich reported.

"We're all set to go," said Weissich. It will be operated by Dr. Dufficy, working with the district attorney's office. The Nalline test will be available for use by the sheriff's office and all police departments in the county, Weissich announced.

JUDGE'S ORDER

If a suspect is on parole or probation, the judge can order that the Nalline test be administered. But a person who has been arrested on suspicion of using drugs cannot be compelled to take the test. It must be voluntary.

Since other counties, including San Mateo, Santa Clara and Alameda, already use the test, and San Francisco is in the process of adopting it, Weissich said he is afraid Marin would offer an invitation for addicts. Therefore, he decided to bring the Nalline test into Marin to keep abreast of other counties.

Skull Was Just 'Ornament' In Ross Garden

The Ross Mystery Skull was identified today as a grisly garden ornament placed by a former owner of the home at 300 Upper Toyon drive.

The skull—which Paul Wilson, life science professor at College of Marin, said appeared to be that of a child of about 10—was turned up on the Upper Toyon drive property Saturday by Z. S. Chang, houseboy for the present owner, Wallace Harper. Chang found it while digging weeds in the garden. It was turned over to Chief Regoni yesterday.

Chief Regoni said Mrs. Zeona Paoli of San Francisco, widow of R. P. Paoli, the former own-

Taylor Park Expansion Suit Is Filed

The state filed a condemnation suit in Marin Superior Court today to expand Samuel P. Taylor Park by another 50 acres to the west, round out the boundaries and add more picnic sites.

The State Division of Parks and Beaches wants to expand the park area on the west side of Sir Francis Drake boulevard, where private land reaches almost to the present camp sites. The area lies along Papermill Creek near the one-way bridge.

Atty. Gen. Stanley Mosk and his deputy, Ralph W. Scott, filed the suit, asking the court to set a fair price on the private lands. Among owners of the property are Sayles A. Turney, Niles C. and Ruth R. Lundgren, James and Carol J. Lundgren, Marin Municipal Water District, Pacific Gas and Electric Co. and the County of Marin.

The state has set aside $40,000 for the purchase of the land.

Serio Won't Take Hub Chief Exam

Only two candidates will take the examination for San Anselmo police chief on June 20—and Asst. Chief Sam N. Serio is not one of them.

Deadline for filing applications for the examination with the city manager was at 9 a. m. today. Only Sgts. Ray Buchignani and James Orr filed applications.

Serio, mentioned widely as the No. 1 candidate, said he would not take the examination because, "if I did, some of my friends might think that meant I thought it is all right to take the police chief job out of civil service."

A special election is set for July 14 in San Anselmo on whether to remove the depart-

Jury Indicts Fairfax Man In Dope Case

A federal grand jury at San Diego has indicted a Fairfax salesman on charges of smuggling in 36 pounds of marijuana from Mexico at Tijuana, the Associated Press reported today.

Being held at the San Diego County Jail in lieu of $5,000 bail pending arraignment in U.S. District Court is Carl W. Wallace, 29. His address was given as 8 Spruce road, Fairfax.

A check with Fairfax police and residents of Spruce road failed to reveal any information about the man. Police Chief Andy Peri said he knows of no such person, and said the post office in Fairfax does not have the man listed in files that go back three years.

Wallace was arrested as he drove across the border May 24. U.S. Customs officials said they found marijuana hidden in the spare tire and in the tubes of the two rear tires.

Stores Open Tonight

A warm June night is promised for late shoppers tonight in San Rafael, Corte Madera Center, Novato and San Anselmo. Stores in the four localities will remain open until 9 p. m., as usual on Fridays.

All-Day Card Games Decried In College Of Marin Cafeteria

Student card playing, and possibly gambling, in the College of Marin Cafeteria, was described last night by members of the Marin Junior College District board.

"It seems there are card games from early morning until late in the day," said Trustee Rupert E. Kempf. "I have passed through the cafeteria at different times of day, and it appears the same faces are always there."

Trustee Elizabeth M. Deedy said she has observed eight or more games in progress at one time in the cafeteria.

"And," she added, "I seriously question some of these games. It's not bridge and it's not canasta."

She said no money was on the tables, "but there were paper chips changing hands . . . if that's why some of these students came to the College of Marin, I suggest they might be advised to go elsewhere for an education. There are some students on campus who have very decided opinions about this."

"This has come up many times in the last 32 years," said College President Ward H. Austin.

"And I have always been against it," said Board President Ada M. Fusselman.

Austin said high school students passing by the college on their way home in the afternoons occasionally "come in for floating games."

On motion by Kempf, the board referred the matter to the college deans "for study" with the faculty association, administration and student leaders.

Faculty Offers To Help Lick College Deficiencies

The College of Marin Faculty Assn. has offered to help trustees and administrators of the two-year institution correct deficiencies noted in a recent accreditation report by the Western College Assn.

William W. Howe, faculty association president, made the offer in a letter to the Marin Junior College District board. The letter was not read at last night's board meeting, despite a request by Howe that its contents be made public.

After Trustee George G. Washburn finished reading other correspondence, Board President Ada M. Fusselman announced cryptically that another letter had been received and would be taken up later.

About one hour later, Mrs. Fusselman mentioned the faculty association letter "on the accreditation," but again it was not read. She said merely that trustees "would be happy to avail themselves of the services offered by the faculty when we get some of our present problems out of the way."

Howe wondered out loud whether he had sent the letter "to the wrong people."

He also noted that a faculty association letter of April 9 on sponsorship of off-campus student social events had never been read in full at a board meeting.

Mrs. Fusselman said she thought faculty representatives understood it would be "held in abeyance" until the practices of other colleges with regard to off-campus activities had been surveyed. She said the matter was discussed at length with faculty spokesmen at the board's May 14 meeting. But Howe repeated that the letter was not read.

The latest faculty letter, dated June 5, had this to say:

"The accreditation report recently received by the College of Marin has left the faculty considerably disturbed.

"The district board will no doubt desire to take certain steps to rectify the shortcomings of the college program which the accreditation team has pointed out, especially in view of the short period of ac-

Pair Jailed In Theft Of Air Base Safe

Two former airmen, just discharged from Hamilton Air Base, were jailed by Federal Bureau of Investigation agents yesterday on a charge of stealing a safe from the air base and dumping it off Richardson Bay Bridge last May 22.

Howard Eugene Fields Jr., 19, of Lemon Grove, San Diego County, and George Donald Smith, 20, who lives in a Ross apartment, were to appear before the United States Commissioner in San Francisco today on charges of theft of government property. Smith was discharged from the Air Force on June 3, and Fields yesterday.

Webb Burke, FBI agent in charge of the San Francisco office, said the two men are suspected of carting a safe about two feet by two feet from the Air Force mess hall in building 169. They apparently punched a hole in the safe, took the $50 inside, and dumped the safe over the east side of Richardson Bay Bridge, he said. The safe is believed to be lying in the mud in the bay.

Transit District May Increase Tax To 4 Cents

Tax rate for the Bay Area Rapid Transit District next year may have to be increased from the proposed 2.76 cents to 3.92 cents per $100 assessed valuation, directors were told yesterday. It is 1.7 cents this year.

At a public hearing on the proposed $1,411,673 budget for 1959-60, the directors were told an additional $450,000 will be needed.

General Manager John Peirce said legislation for state construction of an underwater tube between San Francisco and Oakland had been amended so that none of the funds could be appropriated until the district passes a bond issue financing the project.

As a result, Peirce explained, $450,000 needed for preliminary engineering studies would have to be from district tax funds. This would bring the total budget to $1,861,673.

The directors, who had not had an opportunity to study this new development, decided against adopting the budget yesterday, as had been planned. Instead they continued the public hearing until next Tuesday at 2 p.m. in the district's San Francisco office.

They wrangled at length over some other portions of the budget.

Harry Morrison, Contra Costa director, protested inclusion of eight new positions, which had not been authorized by the directors.

Peirce explained it was merely anticipating the needs of the coming year and that "not a cent" would be spent for the positions until they had been authorized by the board and salaries set.

Morrison moved to delete $20,000 from the budget because the eight "probably wouldn't be hired for the full year anyway." The motion lost by a 10 to 4 vote.

Although the meeting was a public hearing, not a taxpayer spoke up when it was opened for their discussion. Later in the meeting, John Cantner of San Francisco arose from the audience to say he didn't think the district was aiming high enough but no specific criticism was leveled at proposed expenditures.

STOCKS TODAY

NEW YORK (AP) — Steels paced a stock market rally which put the list moderately ahead late this afternoon.

Volume for the day was estimated at 2,500,000 shares compared with 3,120,000 yesterday.

Gains of fractions to more than two points were posted for the favored issues. A wide assortment of losers remained from early irregularity.

Turnover perked up as the steels provided market leadership. Earlier in the session trading had been the lowest since Lincoln's Birthday.

The advance by steels apparently was prompeted by news that the steel union had authorized its president to take strike action if necessary in order to win a new labor agreement.

U. S. Steel rose two points, Jones and Laughlin slightly more and Lukens over three. Republic Steel was up about a point and Bethlehem a point-plus.

Eastman Kodak added about a point and Du Pont around two. Firestone was up more than a point earlier on favorable labor news.

New Construction Totals $730,000

Building permits for an estimated $730,000 in new construction were issued by the county building inspection department during the first week in June.

Heading the list of new construction in unincorporated Marin County was a 46-unit apartment building valued at $276,000 on Meadowsweet drive outside the Corte Madera town limits.

In addition, permits were issued for 20 single-family dwellings, two Novato duplexes and three swimming pools.

No Missile Defense, Medics' Meet Told

America's defenses against enemy air attack are improving and reaching farther out to sea on both coasts, "but at the present time we have no defense against the ballistic missile."

That was the report last night of Col. Lee Lambert, director of operations and training for the Western Air Defense Force at Hamilton Air Force Base.

Colonel Lambert addressed a joint dinner meeting of the Marin County Medical Society and medical societies of Sonoma, Napa and Solano counties in the Meadow Club, Fairfax.

"We are working hard at developing defenses against the ballistic missile and we hope to have it in the next few months," the colonel declared, "but right now we just don't have it."

Increased effectiveness of radar and warning systems, plus major increases in the speed of interceptor planes, makes it possible to "detect, identify, attack and destroy" earlier and farther from our shores than ever before, he said.

In one exercise recently, he said, an "enemy" plane was detected and intercepted while still 126 miles at sea, all within eight minutes.

The idea of a defensive air force is very young, the operations chief noted.

"Until the Russians exploded their atomic bomb in 1949, there was no need for a defensive air force." He described the mission of the defensive air force "to keep the flag on the pole."

Colonel Lambert described the layers of defense lines. They start with airborne early warning and control planes which fly 24 hours per day over the Atlantic and the Pacific, radar patrol ships off our shores and lines of shore radar installations reaching from far north in Canada and in Alaska to the borders of the 48 states.

Tied into the warning system are the ground-to-air defenses, like the Nike bases, "which I'm certainly proud to have on our side." He said the Nike-Hercules "doesn't have to hit the target, just get within a mile of it and that's all, brother."

"In a scramble we can get a plane off the ground 3½ minutes after the pilot was asleep," the colonel declared, "and as far as those kids are concerned, when they scramble World War III has started, until they identify the plane they are sent to intercept."

Dr. Rolla Hess, president of the Marin Society, presided at the meeting and Dr. Dallas Wagner was program chairman.

Dr. John McGee presented trophies for the golf tournament which preceded the dinner. Dr. Edward Campion won in Class A, Dr. David Schmidt in Class B, and Dr. Herman Gross in the consolation flight.

BETTER BUY BEER—BEST BODY-BUILDER

MIAMI BEACH (UPI)—Beer may be considered the most healthful of all beverages, including milk, a Latin American research chemist said yesterday.

Herman Perez of Bogota, Colombia, told the Inter-American Food Institute meeting here that beer provides quick caloric energy and is rich in carbohydrates, mineral salts and vitamins. He said the inclusion of beer in the diet "must be only considered beneficial in all cases —both for healthy or for ailing people."

Dougan To Head Bolinas Fire Dept.

James Dougan, Bolinas garage owner and member of the Bolinas Sanitary District board, last night was elected chief of the Bolinas Volunteer Fire Department, succeeding Edward Genazzi.

Genazzi, maintenance supervisor for the Bolinas Beach Public Utility District, was named an assistant chief, as was Peter Martin.

The election followed a meeting of the fire district commissioners at which the $5,860 budget for next year was approved when no protest was heard, according to Secretary Charles F. Cahill. He said the figure was slightly less than last year's budget.

The commissioners also formally approved changing the monthly meeting time from the second Monday to the second Thursday at 7:30 p.m. in the firehouse.

Sausalito Operating Costs Up Only 3% In 1957-58

Operating costs of Sausalito government in the last two completed fiscal years have increased only 3.3 per cent, Sausalito City Manager Donald A. Duerr declared today.

The Bay Area Council, in a report published yesterday, said Sausalito city government costs increased 114.3 per cent from fiscal 1956-57 to fiscal 1957-58.

Duerr contended that operating expenses, rather than total expenses, provide a truer comparative picture. He said that operating expenses for the 1957-58 year in Sausalito were $246,208, compared with $238,385 for the preceding year, an increase of 3.3 per cent.

"Last year, there was an item of $85,733 for civic center land purchases," Duerr noted. "This certainly cannot be classified as a normal operating expense. Then there was an expenditure of $39,000 of accumulated state gas tax funds last year, compared with only $744 the preceding year. The same expense this year may run around $7,000."

Duerr also pointed out that $31,600 last year for improvement of Anchor, Bay and Humboldt streets represented funds handled by the city for private property owners.

From 1956-57 to '57-58, Duerr noted, the city tax rate dropped two cents per $100 assessed valuation.

GOVERNOR ADDRESSES BILLBOARD RALLY

Some 250 advocates of stricter billboard regulation along California's highways were told by Gov. Edmund G. Brown yesterday that he sympathizes with their objectives but wants to see what they propose before taking a stand. The gathering, called in the State Capital at Sacramento by Marin Senator John F. McCarthy, made preliminary plans for collecting signatures on an initiative measure for the 1960 ballot. (Story on page 1)

Board Dubious About George School Lectures

The single-tax theories of Henry George and his famed bookw, "Progress and Poverty," were declared "not subversive" at last night's meeting of the Marin Junior College District board.

But trustees deferred action on a request by the Henry George School of Social Science for permission to conduct 10 tuition-free discussions on economics at the College of Marin, starting July 13.

AUSTIN 'SUSPICIOUS'

The question of subversion had nothing to do with the delay, although College President Ward H. Austin, who recommended denial of the request, noted the Henry George School was founded in New York in the depression year of 1932.

"That's the first thing that made me suspicious of it," Austin said.

"I read Henry George's book about 40 years ago," said Trustee George G. Washburn, "and in my opinion it is not subversive . . . I think they (the George School) should have the opportunity to lecture here. By denying this request, I think we would be denying freedom of expression."

BOARD POLICY

Austin stressed that the board has adopted a policy of "not setting up facilities for other schools on the campus." He said that was the basis for his recommendation.

Dr. Samuel N. Le Count, director of adult classes, agreed the question hinged "on whether an outside educational institution should be encouraged to use our facilities for its classes."

The board postponed a decision after Le Count said he would like to investigate the matter further. He said he had talked with representatives of the George School and wasn't entirely satisfied with their presentation.

The first corps of U.S. Army Engineers (1838) were all commissioned officers. Non-commissioned engineers were included in 1846.

College Board Studies Levying 'Override' Tax

Marin Junior College District trustees last night postponed further discussion of the 1959-60 budget until an adjourned meeting to be held either next Tuesday or June 23.

Mrs. Ada M. Fusselman, board president, said the session will be held Tuesday at 8 p.m. "If the full board can be present," otherwise the following Tuesday night.

She said she would check with the county counsel's office on the legality of scheduling an adjourned meeting in such fashion.

A letter to the board from Asst. County Counsel E. Warren McGuire gave the opinion a special "override" tax of up to 5 cents can be levied by trustees for capital improvements at the College of Marin.

The board had asked the opinion in connection with proposed installation of a new lighting system at the college football field. Several members have said they would favor an override tax to finance the work.

Harold M. Engle, San Rafael structural engineer, again recommended that six steel poles be used for the lighting system instead of 10 wooden ones. He estimated the cost at approximately $34,000, exclusive of the 6 per cent engineering fee.

Action on a contract for Engle's services was postponed until the adjourned meeting.

The college board also:

1. Approved a revised list of proposed instructional equipment and supply purchases totaling approximately $32,000 and miscellaneous purchases amounting to some $15,000. Denied were a $5,041 tensile testing machine asked by the engineering department and a $3,045 organ sought for the colllege band.
2. Referred to the scholarship committee a proposed plan to permit advanced placement and credit for students who have successfully passed college entrance examination board tests.
3. Authorized C. Gillis Realty of Kentfield to place in escrow a lot on Kentfield's Maple avenue which the board plans to buy for $13,500. Trustee George G. Washburn dissented on the ground that football lighting and faculty salaries should take precedence.
4. Authorized Dr. Samuel N. Le Count to prepare rules and a statement of pay scales for the College of Marin adult school, of which he is principal.
5. Set for July 1 at 8 p.m. the board's annual reorganization meeting.
6. Authorized College President Ward H. Austin to advertise for bids for painting, paving and other summer repairs. Bids will be opened July 9.
7. Voted 3-1, Mrs. Fusselman dissenting and Trustee Kent O. Seymour absent, to permit Hulme Kinkade, business instructor, to miss the college commencement exercises next Wednesday night.
8. Authorized Austin to advertise for bids for geology department microscopes and installation of stainless steel dishtable and double sink in the cafeteria.
9. Hired Alice E. Kasparian as instructor of business education at a salary of $7,000. She will replace Alice Fracaro, hired only last month but forced to leave because of illness in her family.
10. Approved an advanced typing course recommended by the business education department.
11. Authorized payment of $160 to Thompson Chesnut, music instructor, for his time in directing rehearsals for the recent college jazz festival.
12. Authorized Austin to have the college track moved 50 feet to the east to permit a full two-lane road past the football field scoreboard to the parking lot. College maintenance forces will do the work.
13. Approved warrants totaling $11,664.67.

Ex-Marin Rector Marks Anniversary

A former rector of St. Paul's Episcopal Church, Dr. Herbert I. Oberholtzer, celebrated half a century in the ministry yesterday, the anniversary of his ordination.

Special prayers of thanksgiving for his 50 years of service in the Christian ministry were said yesterday at St. Paul's. Dr. Oberholtzer served the San Rafael parish from 1930 to 1938. He now lives in Bakersfield with his daughter. Although he has been retired for several years, he is still active as a counselor and fills in during absence of nearby pastors.

Legion Post Plans Dinner Installation

New officers for Wilkins Post 37 of the American Legion will be installed at a dinner meeting Tuesday evening at the Mission Inn, San Rafael.

A degree team from Marin Voiture 1112 of 40 et 8 will install the officers.

Mario John Pellegrini, a partner in Scotts Ice Machine Co., will be installed as commander.

Others to be installed are: Gimi Sessi, first vice commander; Paul Ware Jr., second vice commander; Gerald Cook Segale, sergeant-at-arms; Richard Miehling, chaplain, and Nick Giampoli, adjutant.

Members elected to the board of building control were: Sessi, Joe Mello, Charles McNulty, Gene O'Connor, Pellegrini and Edward Milani. Named to the executive committee were George Silviera, Ron Kreth and Frank Swift.

Kreth is service officer, Louis Milani is historian and Edward Milani is judge advocate.

Sausalito Ark Colony Denies Sewer Charge

Sausalito houseboat owners and occupants this week denied they have violated criminal laws by not having proper sewer facilities.

Judge Richard M. Sims of Marin Municipal Court continued the cases to 1:30 p.m. June 24, when a trial date will be set for the following defendants: Donlon Arques of 298 Johnson street, Carol Lester of 358 Litho street, William Hanley of San Francisco, Lawrence Steese of Gate 5 Marinship, and Alex Georgiadis of 356 Napa street. Jack Mino, who lives on the boat Lassen, has failed to appear as yet.

The charge against Mrs. R. A. Wheeler of 602 Humboldt was dropped, and a new charge filed against a former Hollywood starlet and her husband, Mr. and Mrs. Byron Edwards. Mrs. Sydney Edwards appeared in court last month and asked that she be sued, not Mrs. Wheeler, because she and her husband own the boat at 602 Humboldt. Dist. Atty. William O. Weissich obliged by charging the Edwardses with a misdemeanor violation of the state Health and Safety Code.

The complaints allege that the houseboats are not tied to a sewer, and the sewage is allowed to run into Richardson Bay.

$46,486 To Marin In Highway Users Tax

Marin County has been apportioned $46,486.98 in the May split of highway users taxes, it was announced by State Controller Alan Cranston.

The total shared in the state was $24,350,783.

Bermuda was an important base for British ships blockading the Atlantic coast of the U.S. during the War of 1812.

EXPERIENCED FLAGMEN WANT NEW POSITIONS

TARZANA, Calif. (AP) — Flagmen guessed an unloaded truck trailer would clear a 13-foot-6-inch freeway underpass being built in this Los Angeles suburb. They waived it on.

They were wrong—by one inch.

The big rig tore down four 20-foot steel girders Thursday. Engineers estimated the mishap would delay construction a month.

The truck, too, was damaged extensively, but driver Tony Esparza escaped unhurt.

Seminary Obtains Harvard Teacher

Dr. Paul L. Lehmann, professor of divinity at Harvard Divinity School, will arrive in San Anselmo this weekend to instruct a course in Christian Ethics at the San Francisco Theological Seminary's summer session, Monday through July 4.

Sixty-three applications have been received from ministers and students who plan to attend the summer session. Hebrew classes, with 25 enrolled, began this week. Neil B. Houk, teaching fellow, is instructing these classes. Other members of the summer session faculty will be Drs. Ilion T. Jones, Donald G. Stewart, John W. Bowman and Neill Q. Hamilton.

Novato High Tops Average Scholastically

Novato High School is above the national average scholastically, according to William Evans of Science Research Associates, the group that administers the "Iowa Test" to schools.

The subject matter of the test covers social studies background, natural science background, correctness of expression, quantitative thinking, ability to read, use of vocabulary and use of source information.

Novato students rated higher than the national average in all phases of the test, but especially in quantitative thinking or the ability to use arithmetic and mathematical principles in the solution of practical problems, Evans reported.

Mechanics of expression was the lowest area in the Novato profile, but it still ranked above the average. The tests, however, demonstrated that Novato High students know more than they can express on paper, Evans said.

Why you need Allstate collision insurance:

1. Your modern car costs more to repair

Fancy fins and grillwork can turn even a small accident into an expensive repair job. Simply repairing a smashed rear end could easily cost you $150 . . . more than *three* yearly average premiums for Allstate collision insurance.

2. There may be no "other guy" to foot the bill

Your parked car may be damaged by a hit-and-run driver . . . and *you'd* be stuck with the repair bill. Or perhaps a blowout or a skid could wreck your car, no matter how carefully you drive.

Find out how Allstate can help you protect your investment in your car

Talk to an Allstate Agent. Ask him to show you how Allstate Collision insurance helps you pay for damage to your car caused by collision or upset . . . and how Allstate's Comprehensive insurance covers practically any other hazard that could damage your car.

State Aeronautics Chief Warns Marinites: Get An Airport Now

San Rafael businessmen, educators and officials were warned yesterday to get a "bus stop" on the airways before it is too late. In other words they were told to develop an airport—now.

Clyde P. Barnett, director of the California State Aeronautics Commission, spoke before an overflow crowd at the eighth annual San Rafael Combined Service Clubs Luncheon.

More than 150 person heard Barnett tell how California is lagging in the development of airports.

"We're losing them or can't replace them," he said. "We're a day late and a dollar short. California's growth rate is so rapid it precludes our doing a good job.

"If you want an airport, then you'd better get it before someone builds on it. You still have some sites left."

(A bond issue to finance a county airport on Pt. San Quentin was defeated at the polls last November.)

Barnett called attention to the needs of business for airports. He ruled out the use of helicopters because he said they have not been developed to carry enough people.

He said he did not know of any plans to develop a reliable, two-engine helicopter that would carry 35 to 40 persons; and that, he said, is what is needed if helicopters are to enter the aviation picture for business.

Business is beginning to move in the air, he said, adding, "businessmen come to us from the East and want to locate at a site near an airport."

He said aviation is California's biggest industry, but "the big bugaboo is air space and this will concern you."

"Seventy-three per cent of the air space," he said, "is tied up by the military. The military boys can't go on forever expanding manned aircraft. In fact, they are going down. Our future lies in the civilian field."

As for missiles, he said, "someone has to stay home and mind the store."

"If we succeed in this race to outer space, we won't have any customers there. The future concerns usable things.

"This is the age of the individual airlift.

"But in the airport problem we find the boards of supervisors hotbeds of indifference."

(An application for a private airport on the Smith Brothers' Las Gallinas Ranch was rejected three months ago by the Marin County Board of Supervisors—about the same time the San Rafael Airport shut up shop, forced out by encroachment of industrial and residential development.)

"We have missed the significance of the change made in our lives by this new medium of transportation," he said. "The big need here is to get a bus stop on this new medium.

"And your airport must be publicly owned. Airports are not notorious for making money. Land for an airport is a target for everything. The school board wants it. The chamber of commerce wants it for a brewery and its payroll."

Barnett painted a picture of "everyone is against you."

"You need an airport," he said, "and you can be the prime movers to get it."

Barnett was introduced by Harold Fulkerson, president of the Optimist Club.

The luncheon, held at Trader Horn Joe's, was sponsored by the Greater San Rafael Chamber of Commerce.

Representatives were present from Rotary, the San Rafael Chamber, Kiwanis, Exchange, 20-30, Lions, Optimist, Soroptimist and Zonta clubs, the Junior Chamber, Marin Industrial Development Foundation, and officials from school districts and the city.

Open Burning Law Adopted In Ross

An ordinance restricting open burning was adopted by the Ross Town Council at last night's regular meeting. The regulation is in keeping with the ordinance suggested by the Bay Area Air Pollution Control Board, according to William W. Cole, city clerk.

Councilmen also discussed the possibility of getting a water main up Skyland way, Cole said. Property owners at the hill top have practically no water pressure and the need is for a main both for fire protection and family use.

Owners of the property are improving the road, Cole said, so that it meets requirements for town acceptance.

Both Portland, Ore., and Little Rock, Ark., are known as the "City of Roses."

Pt. Reyes School Board Discusses Budget

The Pt. Reyes School District board Wednesday discussed a tentative budget for the 1959-60 fiscal year but reached no decision.

Trustees decided they would wait until after graduation Tuesday night before holding another meeting. Tentatively they plan to meet sometime Wednesday afternoon to discuss the budget with Mrs. Ada Nielsen, the school's teacher.

Start Motor Patrol To Protect Horses

Marin's hillside riding trails can become death trails for horses — and because of that, the Marin County Humane Society has inaugurated a motorized horse-protection patrol.

"There have been too many instances of persons over-riding horses on the mountain trails," declared Mel L. Morse, the society's secretary-manager. "The problem seems to become more acute during the summer, when persons come into the county and rent or borrow horses, then gallop madly around the hillsl.

"Recently two horses were so badly over-ridden that they almost died."

The horse protection patrol is the society's answer. Its equipment consists of a radio-equipped truck with a horse trailer. One of the society's state humane officers drives the truck to a mountain trail, then takes to horseback to watch for riders who are abusing their mounts.

So far, said Morse, the humane trail riders have limited their activity to cautioning riders who are mis-handling their mounts—and, in a few cases, to taking charge of the horses to see that they are cooled off properly. But they can lodge criminal complaints where the abuse is extreme.

"Under the penal code of the State of California there is provision for prosecution of anyone who overworks an animal or cruelly beats and in any way causes an animal needless suffering," Morse pointed out.

The purpose of the trail patrol, he said, is to make Marin's trails safe for both riders and horses.

Church Club Holds Frolic Tomorrow

"Flower-Petal Frolic," an evening of dancing and eating sponsored by St. Rita's Men's Club for the purchase of audio-visual equipment for St. Rita's Grammar School, will be held at 8 p. m. tomorrow at the Fairfax Pavilion.

Chairman M. O. Vanni said the pavilion will be decorated with palm leaves, and the orchestra of Tony Martin will be featured. Robert Ghiringhelli will cater the dinner. Assisting Vanni will be William Kessel.

NMWD Votes Line Extension

A pipe line extension costing $79,000 was approved last night at a meeting of Marin Municipal Water District board. The extension involves nearly 10,000 feet of various size pipe, plus appurtenances, for unit 7 in Marinwood, according to board secretary B. J. Brusatori.

A contract of $12,716 was awarded to Engineers Limited of San Francisco as low bidder for the job of connecting the new Lucas Valley water tank with the North Transmission line. The work will begin in about 10 days and will require approximately a month.

The board approved installation of 950 feet of pipe to cross the new Bon Aire Bridge; approved specifications for bids on automotive equipment; and received bids for painting six steel water tanks. Consideration of the bids was set over to next Wednesday, Brusatori reported.

Natural Childbirth Exponent Dies

ROXHAM, England (UPI)—Dr. Grantley Dick Read, 69, an exponent of natural childbirth, died here yesterday.

Read devoted long study to animal births. His researches led him to question why women suffered pain while animals apparently gave birth effortlessly.

The physician developed the "Read Method" of childbirth. His system involved giving expectant mothers short lectures and muscle control exercises.

Rome Mayor In Ruckus

ROME (AP) — Students skirmished outside Rome's city hall last night and inside Communist and Fascist city councilmen almost came to blows. The reason was the mayor's refusal to celebrate the 15th anniversary on June 4 of Rome's liberation from the Nazis.

The fireworks started when 26 Communist and Socialist councilmen filed a motion of no confidence against Mayor Urbano Ciocetti, a member of Italy's ruling Christian Democratic party.

Ciocetti has said such a celebration would open old wounds.

The council will take up the no confidence motion at a secret session later in the week.

Queen, Billy Take Tea

LONDON (AP) — A British newspaper today asked what was so special about American evangelist Billy Graham that Queen Elizabeth II should invite him to tea.

Admittedly it was a private affair, said the Laborite Daily Herald, but amounted to an "unusual public honor."

The palace said the Queen wanted to hear first hand about Graham's successful tour of Australia. The evangelist and his wife had tea with the Queen and Prince Philip Wednesday.

Noice! Noise! Noise

PHOENIX, Ariz. (AP)—Americans are being buried under a blanket of sound from radio, television and movies, says Otto Luening, professor of music at Barnard College and Columbia University.

He told delegates to the 14th annual American Symphony Orchestra League Convention yesterday that: "We have recordings of everything that will sell, and special recordings which provide background music for everything that has been missed."

"Of these, the most popular are 'Music to listen to while stealing hub-caps,' and 'Music to listen to while listening to music,'" he said.

History Repeats Itself

LOS ANGELES (AP) — The first transatlantic plane stowaway will make his second flight to Paris tomorrow.

Arthur Schreiber, now 52, is flying to the French capital as a guest of Air France.

On June 13, 1929, when he was 22, he stowed aboard the "Yellow Bird" as three Frenchmen, Jean Assolant, Rene Lefevre and Armeno Lotti, took off in the single-engine plane from Old Orchard, Maine, for Paris. They arrived in Spain 33 hours later.

Lefevre, now an executive of Air France, arranged Schreiber's trip to celebrate the 30th anniversary of the flight.

Display Idea Backfires

SAN FRANCISCO (UPI)—A local auto agency put a hole in its roof to accommodate the mast of a Chinese junk, brought in to brighten the display room.

An agile burglar shinnied down the mast. (But he was unable to open the office safe.)

What Could He Do?

CHATTANOOGA, Tenn. (AP)— A 17-year-old youth was hauled into juvenile court yesterday for driving through a stop sign.

A traffic policeman told the court: "He said the reason he didn't stop was because his sister was getting married and he was rushing home to get her bra."

Said Judge Leo Britt: "Case dismissed."

Exam Spoiled The Fun

DALLAS, Tex. (UPI)—Sharon Asher, taking her first test for a driver's license, became more and more nervous as the examining highway patrolman jotted down her minor mistakes.

The patrolman added up the score and announced she'd passed.

"My gosh, I'm glad that's over," Sharon said. "I'll never drive again! I'll never drive again!"

First Water Flows Through New Pipeline

Marin Municipal Water District started the pumps at 6 a. m. today in two San Geronimo Valley pumping plants to send water through its new six-mile line to North Marin customers.

The smaller pump in each of the new stations—at Lagunitas and Woodacre—was put in operation today, said William Seeger, water district manager. They began delivering water through the newly completed 36-inch main at the rate of three and one-half million gallons daily.

On Monday, the district plans to start the big pumps in the two plants. That, said Seeger, will raise the rate of water delivery to 10 million gallons daily.

The new line takes water from Kent Lake to Sleepy Hollow and over the hill to Hamilton Air Force Base, Marinwood and Terra Linda.

Line and pumping stations represent a two million-dollar outlay by the water district.

U.S. TOO DIRTY FOR DUTCHMAN, HE GOES HOME

NEW YORK (UPI)—A Dutch educator sailed for home yesterday complaining that he had dropped out of a trailer caravan tour of the United States because Americans are dirty and have no manners.

Luitjen Kleiterp, of Groningen, Holland, where they like the streets clean, said he dropped out of an 11-trailer caravan at Las Vegas, because "America is decidely not as clean as Holland, especially the small hotels and trailer camps." What's more, he said, Americans are apt to say "huh?" or "what's that?" when they don't understand you.

Error In Bid Snarls School Building Award

Seven bids for building additions to the Meadow Park School, in San Jose School District, opened late yesterday, ranged from a low of $437,217 by William J. Kubon Co. of San Rafael to a high of $507,909 by Crown Development Co. of San Francisco.

But an apparent $15,000 arithmetical error in the low bid may cause the necessity of accepting the second lowest bid, said Supt. Philip W. Schneider. That bid, by Joseph Betencourt of South San Francisco, is for $455,450.

Schneider said he would confer with the county counsel's office on the matter before consulting trustees about calling a special meeting tonight or tomorrow to consider awarding a contract.

Work should get under way within 10 days after an award, Schneider said, and be completed by next February.

Included in the job will be 10 new classrooms, a multi-use room, cafeteria, library and administration office. The contract is also to include demolition of 22 buildings on the site formerly housing Hamilton Air Force Base families, and remodeling of five classrooms at the present school.

Also there will be a report and display on a hydroponic garden, growing plants under soilless conditions, by Richard De Lew, Tamalpais High School student.

USC Grads Urged To Moderation

LOS ANGELES (AP)—The man of balanced judgment, not the idol of popular acclaim, remains the essential ingredient in a liberal society.

That was the thought left yesterday with the graduating class of the University of Southern California. The speaker was Dr. Gaylord P. Harnwell, president of the University of Pennsylvania.

Dr. Harnwell, an atomic physicist, advised the 3,562 graduates to try to talk sense while being moderate and to "avoid being misled by the nonsense so frequently talked by others."

Fusselman Invited By Toastmasters Club

Supervisor William D. Fusselman will be guest "evaluator" when Marin Toastmasters Club 890 meets Monday evening at the Woodlands Restaurant, Kentfield, according to President Eric Lane of Mill Valley.

Dr. Louis L. Robinson of San Rafael will be toastmaster of the evening, Lane said.

Mosquito Abatement Tax Will Stay At Four Cents

The tax rate of the Marin County Mosquito Abatment District will remain at four cents to support the budget adopted at last night's meeting, acording to figures released by Paul Jones, manager.

The budget for the fiscal year beginning July 1 is $78,020 an increase of $1,380 over the current year.

Included in the budget are salary increases for seven employees of approximately 5 per cent which is a step increase generally in keeping with the county pattern, Jones said.

Capital outlay figures cover items required to finish improvement of the grounds of the new plant at Third and High streets in San Rafael.

Estimated assessed value of the 180-square mile district is $195,892,405. Cost per year to the average home owner for mosquito abatement is about $2.

Approval of the budget by the board of supervisors is automatic, Jones said, as long as the tax rate does not increase.

The abatement district plans to repeat next week the spraying of 2,000 acres of marshland south of Petaluma to control mosquitos at the source.

Wives of trustees were guests at last night's meeting. They inspected the new buliding and participated in a social hour.

Family Friend Held As School Girl Rapist

A Southern Marin grandfather, who posed as a family friend and "second father" to a 14-year-old girl, was jailed last night on charges of statutory rape and lewd and lascivious acts on the girl during the past two years.

Inspector Guido Battaglia and Deputy Edward Klementovich of the sheriff's office arrested Stanley Milton Trayner, 43, at his home at 125 Richardson drive, Strawberry, about 10 p. m. Trayner, who refused to comment on the accusations, was immediately bailed out by a bondsman for $2,500. He is to appear in Marin Municipal Court Monday afternoon for arraignment.

The girl, who attends Tamalpais High School, is described as mature both mentally and physically. After a medical examination by doctors and a lie test given by Inspector Nick Giampoli of San Rafael police yesterday, the girl admitted she had been intimate with Trayner during the past two years, as often as three times a week, Inspector Battaglia reported. They met in his car, at his home, and at her home, where she lives with her divorced mother and a 12-year-old sister.

UNEMPLOYED SALESMAN

Trayner is an unemployed plumbing supplies salesman, who has a wife and three children, including a college student son and a married daughter.

Inspector Battaglia said he has information that Trayner has been seen around the canteen near Tamalpais High School and may be involved with several other teen-aged girls.

Trayner has been arrested for drunken driving and disturbing the peace in the past.

About a week ago a 17-year-old coed said she had been offered a ride by a man who made improper advances in the car. She jumped out and told school officials.

About May 5, a 15-year-old Sausalito girl said she was picked up by Trayner, who was with the 14-year-old victim at the time. The Sausalito girl said he made advances to both of them, and she finally got him to stop the car, and got off.

GIRL DEFENDS HIM

Inspector Battaglia said the 14-year-old victim, when questioned, came to Trayner's defense, saying, "As you know, my mother is divorced, and every child needs a father."

The mother said Trayner had been a family friend for some time. Last summer, when the two families went camping, the mother, about 38, said Trayner took her for a ride on the pretense of getting firewood and tried to attack her. Since then, she has been treating him coldly, but he continues to play the role of substitute father for the family, she told Inspector Battaglia.

Confession Heard At Rape Trial

TALLAHASSEE, Fla. (AP)—A white male jury was told today that one of four white youths charged with raping a Negro coed confessed a shotgun and knife were used to abduct the girl from her escort and force her to submit to him.

Deputy Sheriff Raymond Hmalin Jr. said Patrick J. Scarbrough, a 20-year-old Air Force man, told him he was the second to have intercourse with the girl and, while so engaged, she whispered a question whether they were going to kill her.

Hamlin said Scarbrough told him she appeared relieved when assured they did not plan to kill her. According to Scarbrough, the other three stood around while each in turn had relations with her on the ground.

longer to clean and press them.

Slacks will go up from around $1 to about $1.10, and sports coats from $1.05 to about $1.11.

Special laundering of dress shirts, previously pegged at 31 cents, may go to 35 cents, or three for $1.

Brown said that while prices will be increased here they still will be lower than those in San Francisco. For example, the average price on suit cleaning there would be $2.30.

In San Francisco, Kearn said he believed that large, centralized "wholesale cleaners" also will raise prices soon.

COLLEGE

creditation granted the college.

"The faculty wish the board to know that we will be happy to cooperate in any way with the board and the administration in their efforts to eliminate the deficiencies referred to in the aforementioned report."

The Western College Assn. accredited the College of Marin for three years on the strength of the accreditation report. Usual junior college accreditation by the association is for five years.

Among other things, the report recommended an immediate study by trustees "to bring about more harmonious working relationships between faculty, board and administration." It said the college's 1953 accreditation report noted "evident harmony" among the three, but "unfortunately this situation does not seem to exist at the present time."

The latest accreditation team, which visited the college last November, was composed of the following:

Merlin Eisenbise, director of Citrus Junior College in Los Angeles County (chairman); Kenneth Tinkler, counselor from Shasta College in Redding; Brother S. Lawrence, S.S.C., of St. Mary's College; Peter Knoles, vice president of Sacramento Junior College; J. P. Stauffer of Pacific Union College near St. Helena, and C. Carson Conrad, chief of the Bureau of Health Education, Physical Education and Recreation, state Department of Education.

saying 'Help Tear This Down.'"

Gov. Edmund G. Brown, in a brief appearance, drew warm laughter when he admitted that some of his campaign billboards last year gave him pride, "but as I see you earnest people, I look down in shame.

"Billboards are things all candidates should have," Brown said, "but they should not desecrate the beauty of the state."

The governor wouldn't commit himself to supporting an initiative but told the crowd, "Generally, I am in deep sympathy with your objectives.

"I'll make no promises or commitments until I see the final word you prepare."

A group of Northern California senators—George Miller Jr. (D-Martinez), Fred Farr (D-Carmel), Richard J. Dolwig (R-Redwood City), John W. Holmdahl (D-Oakland) and Luther E. Gibson (D-Vallejo)—spoke up for the billboard initiative.

"The billboard lobby hired people to go before local government groups and distort the language of Senator McCarthy's bill," said Farr. "Confusion up here was partly the result of misguided ideas from local people."

McCarthy indicated that his backers faced a tough fight. "It will not be easy," he said. "We have not the money and the statewide organization the professionals tell us we'll need."

Women's organizations, garden and conservation clubs and other groups would be urged to take part, McCarthy said.

Dolwig saw a successful end to the "fight on billboard blight."

"We know in politics it's the ladies who do the work and are far more successful than men," Dolwig said.

The police chief said Mrs. Paoli told him the skull was placed in the cactus garden, along with some horse skulls, "as an ornament."

"There was nothing buried there," Mrs. Paoli said. "Whatever was there was on the surface in plain view."

Paoli died in Paris in 1951. Mrs. Paoli moved from Ross six or seven years ago. The property was purchased by Harper 15 months ago.

Chief Ragoni said he considered the case closed.

ment head positions from the classified civil service. The proposal would not take away any civil service ratings other than those of department heads. It would not affect the previous rating of anyone who is appointed chief.

"I don't want the job unless it's in civil service," said Serio. "If I took the exam, I might just be prejudicing the chance of someone else who doesn't feel the same way about it that I do."

Fourth eligible candidate for the examination is Sgt. Ray Velati. He said he decided against taking the examination for "personal reasons" which he said he would prefer not to elaborate on.

If the civil service amendment is passed by the July 14 election, the chief appointed from the examination would serve as chief at the pleasure of the city council, while retaining his sergeant's rating under civil service.

Police Chief Donald T. Wood is to retire August 1.

Victory Seen For Governor's Water And Tax Programs

SACRAMENTO (AP) — Gov. Brown's water and tax programs today were each one step away from spectacular victory.

In a statewide radio speech last night, the Democratic governor expressed confidence that the Legislature will take those final steps before adjournment next Friday.

He said this already is "the most productive legislative session this state has seen in 40 years."

A few hours before his broadcast, the Ways and Means Committee sent his 1¾-billion-dollar water bond bill to the Assembly floor without a single change from the Senate-passed version. The vote was 15-5, with Northerners and Southerners uniting behind it.

Final approval next week seemed assured. It would still rquire a vote of the people in November, 1960.

Brown said he was confident the people "will be in favor of this ultimate guarantee of California's greatness."

The remainder of the governor's tax bills — on horse race betting, beer, banks and corporations and inheritances — were ready for a Senate vote.

As approved by the Assembly and trimmed in Senate committees, the four bills would produce 81 million dollars a year. Coupled with the income and cigarette taxes already approved, they would give the governor 217 million of the 256 million dollars in new revenues he asked for on inauguration last January.

Brown said approval of the taxes, coupled with economic upturn and spending cutbacks, will balance the 1959-60 state budget of over two billion dollars.

The budget has passed both houses, but is in two-house conference committee to settle a 1½-million-dollar difference in the two versions.

Brown told his radio audience that a "new sense of fiscal responsibility" enabled him now to support small increases in aged, blind and disabled pensions. He didn't advocate them in January, he said, because "finances were in such bad shape that they simply could not be afforded."

He said even larger pension increases would have been possible if the "selfish and stubborn" oil industry hadn't blocked his 28-million-dollar tax on oil and gas.

Brown noted what he called "an underlying new agreement on California and its destiny of greatness."

He cited bills already passed — the Fair Employment Practices Act, abolition of cross-filing, new consumer protection laws, and measures for smog research, narcotics control and highway safety.

Brown called his first six months as governor "the greatest experience of my life . . . exhausting bu exhilarating."

"I want simply to declare that I beiieve this state government has come alive again, that we are truly on the way to a new era of progress and strength."

Brown Backs Increases In Aid To Needy

SACRAMENTO, June 12 (UPI) Gov. Edmund G. Brown has promised his support of a $9,000,000 increase in welfare benefits—but he says it would have been more if the "selfish and stubborn" oil industry had not blocked his severance tax proposal.

Brown, in a radio speech last night, said he supports moderate increases in assistance for the aged, the blind and the disabled.

"It is not as much as I frankly think the aged, the blind and the disabled should be granted," he said, "but it is all that this state can afford at the moment.

"If the proposed oil and gas severance tax had not been blocked in the Legislature by a selfish and stubborn industry, perhaps more could haye been done for our needy citizens."

The entire student body of St. Vincent's School gathered this morning for presentation of scholarship and citizenship awards.

Nixon In S. F., Says Geneva Talks 'Useful'

SAN FRANCISCO (AP) — "Is anything to be gained by conferences with the Russians?"

That question was put to Vice President Richard M. Nixon at a Commonwealth Club banquet last night and he replied:

"There is a great deal of justification for the question. Developments in Geneva don't offer too much encouragement, but the conferences are most useful.

"And the main point is, the alternative to talking is unacceptable. The United States and the Soviet Union would draw apart and quite conceivably end by fighting. Neither the United States or any other nation can afford to risk settlements by force.

"But the frightening thing is, war can come when all parties do not want it."

Nixon said, however, there has been absolutely no change in the U. S. policy that any summit conference would have to preceded by signs of progress at the current conference of foreign ministers.

The vice president, his wife, Pat, and daughters, Patricia, 13, and Julie, 10, flew here from New York where he participated in ceremonies making the 350th anniversary of the discovery of the Hudson River.

They go to Virginia City today where Nixon will speak informally at Nevada's silver centennial celebration.

Nixon spokes on a wide range of subjects at the dinner sponsored by the civic club.

He predicted that labor reform will be a "major issue in the 1960 presidential campaign and should be." He expressed doubt that the current session of Congress would enact labor reform legislation.

Nixon Sees Kennedy In Lead For Democratic Nomination

SAN FRANCISCO (AP) —Vice President Richard M. Nixon, who may be a candidate for the 1960 Republican presidential nomination, has some ideas about Democratic possibilities.

He was asked at a Commonwealth Club banquet last night if he would care to name the two leading Democratic candidates. Grinning broadly, he replied:

"It's fashionable nowadays for candidates to comment on candidates of other parties. This I hesitate to do. I don't want to hurt any candidate I like by naming him as my favorite. Nor do I wish to help another by saying he might lose."

Then he proceeded to single them out.

"Senator Jack Kennedy (D-Mass.) seems to be front running now. Those who are writing him off because of his religion and youth may have to take a re-reading if his popular support continues the way it's been going."

He called Sen. Stuart Symington (D-Mo.) and Adlai Stevenson, twice defeated by President Eisenhower, dark horse possibilities.

"They seem to fit the role of compromise candidates," Nixon went on. "All are men of ability, but I think the Republican candidate, whoever he is, will win."

His own candidacy? He commented it still is too early to make a decision.

Chef Glum At Run On Fried Chicken; San Rafael Restaurant Changes Hands

Les Johnston, chef distingue at Le Chateau, was unhappy.

When we entered the kitchen to pay our respects, he was downright glum.

All because everybody had been ordering fried chicken.

Now there is nothing wrong with the fried chicken Les and his staff turn out, but it is a serious matter to a man of his talents when 15 minutes go by without a waitress calling for duck l'orange, frog legs or Alaska crab supreme.

You just can't tell what might happen in a situation of this kind. I've known chefs to throw down their caps and stomp on them with less provocation and then walk out. Not that Les is overly temperamental, mind you, but we weren't taking any chances. We ordered the duck l'orange and the frog legs.

To show his appreciation, Les sent out a sampler of crab supreme. Then to keep his pantryman Scotty happy we had a salad. I don't know what it was called because Scotty can turn out 165 different salads and not use the same formula twice. Let's just say it was terrific, then I won't get balled up on details.

The people across the way were fascinated — but it was too late for them to change their order.

Not that the fried chicken isn't good, y'understand.

But you're really missing the boat if sometime you don't try Les' roast duck l'orange. Or his crab supreme. Or Scotty's salad.

Words to the wise.

AFTER 15 YEARS of successful restaurant operation in San Rafael, Don and Mrs. Corey have sold the business on Fourth street which bears their name.

It has long been listed in the Duncan Hines guide. One day a stranger came in and asked to look at the kitchen, sampled the fare, and left. Thereafter it became a recommended spot for the hungry.

The Coreys say they'll retire. Maybe—who knows? Anyway, they're going to take a long vacation.

New owners Mr. and Mrs. Ernest M. Kessler will assume possession June 24 — they have just moved to San Rafael from San Francisco.

What will the restaurant be called? Corey's, of course.

Why change it with a reputation like that?

CONTINENTAL, I GUESS, describes the Alta Mira when you can sit there on a mid-day and watch 10 nationalities pass by you.

Everything from East Indians to Russian ballet dancers, with some choice Hollywood material in between.

I just learned the capacity of the Tree Top Terrace — 46 tables accomodating 225 people. This kind of weather they usually do.

It has an excellent three-way view. The bay, the food and the people. The bay looks Mediterranean, the food looks inviting and the people look back at you.

No place in Marin quite like it. And no flies.

JOE'S VILLAGE PATIO bar and restaurant in Corte Madera will change hands July 1 to Frederic Kern of San Rafael.

Fred is a Marin resident of about four years' standing and has been in the contracting business. He does, however, have experience along the lines of his new venture, brought with him from the East Coast.

A new name hasn't been selected, but Fred says the food won't be Chinese as heretofore. Accent will be on steaks and chops and such in the moderate price range.

NEW IN SAUSALITO, the Cafe Lito on the Bridgeway opposite the plaza will open to the general public on June 21.

It is an open air cafe or ice cream parlor with gourmet tasties and cafe espresso. Added attractions: George Miller at the piano and radiant heating. David Orthwein is the prop.

First showing will be June 20 in a benefit for the St. Brigid's Guild. A style show will feature the fashions of Gibson Bahy. Admittance that day by ticket only.

SCOOPS DU JOUR: Paul and Eleanor McArdle will close down the Buon Gusto Villa from June 15 to July 1. Reason: vacation and playing golf at Lake Tahoe . . . New entertainment at Zack's is the Dave Pike Jazz Quartet. New bar innovation at the same is the "Commuter's Special" every evening from 4 to 7 except Mondays. Something in Martinis, I understand. . . It's worth while dropping in the new Joe's in SR, if only for a Joe's steak —mouth-watering.

He succeeds Randall V. Greig.

Other officers named were Earl Gates, first vice president; Al Bianchi, second vice president; Roger Murphy, treasurer; Greig, state director, and Douglas Green, Al Stone and Bruce Wrisley, directors. The office of secretary is appointive.

Sertoma Club For Marin To Be Chartered

A new service club for Marin, the Marin Sertoma Club of San Rafael, will receive its charter at a dinner Saturday in Ignacio.

The Sertoma Club derives its name from its slogan—Service to Mankind.

The charter will be presented Charter President Joe E. Andreu of Mill Valley by Earl P. Rollar of Oakland, Sertoma's San Francisco Bay district governor, in ceremonies sponsored by the Sertomas of San Francisco.

A cocktail hour will start at 7 p. m. at Rickey's Rancho Rafael, to be followed by a smorgasbord dinner at 8 p. m. Andreu said about 150 persons are expected to attend. Paul Leahy, president of the San Rafael Chamber of Commerce, will be speaker.

To be installed with Andreu are: Bob Samuelsen, Mill Valley, first vice president; Pete Matzen, San Rafael, second vice president; Walt Mecham, San Rafael, third vice president, and Ken Anderson, Mill Valley, secretary-treasurer.

To be directors for one year are: Everett Martin, Mill Valley; Joe Jacobs Jr., Novato, and James Allen, Fairfax. To be directors for two years are Eugene Malerbi, Don Lambrix and Chuck Williams of San Rafael.

Malerbi will also be sergeant-at-arms.

Andreu said the club is an organization of business, professional, institutional and agricultural men knit together with the ideal of service to the community.

The club's four-fold purpose is service to mankind, to create a bond fellowship, to preserve individual freedom and free enterprise, and to "wish no success that is not founded on the highest justice and morality."

'Lady Chatterley's Lover' Banned From U.S. Mails

WASHINGTON (AP) — "Lady Chatterley's Lover" can' t go through the U.S. mails, Postmaster General Arthur E. Summerfield ruled yesterday. He said the famous D. H. Lawrence novel "taken as a whole, is an obscene and filthy work. The contemporary community standards are not such that this book should be allowed to be transmitted in the mails."

Grove Press of New York, which recently published the unexpurgated version of the novel for the first time in this country, said it would take steps to get Summerfield's decision reversed.

Japanese Dancers Set For Art — Garden Fair

Among entertainers programmed for the 14th annual Marin Art and Garden Fair in Ross, July 1-5, is the Fujima Ensemble of Japanese Dancers under direction of Mme. Hatsue Fujima.

Madame Fujima first organized classes in Japanese classical and folk dancing among Japanese and Japanese-American residents of the Bay Area six years ago.

The ensemble appearing at the Art and Garden Fair will include 11 of her students who have attained semi-professional status, several of whom are Marin residents. Madame Fujima will also perform in the solo classic, "Haneno Kamuro." It will be the group's first public appearance in Marin County.

Program will consist of five Nihon-Buyo classical dances and a formal Japanese tea ceremony, with music by a Koto (Japanese harp) player and the seven-piece Shin-Sei Japanese Band of San Francisco.

The dancers are scheduled to appear July 4, from 8 to 9 p. m. Harry Craft will introduce the performers.

Sausalito Board To Discuss School

Sausalito School District trustees will hold a special meeting Monday at 7 p. m. to discuss preliminary plans for the proposed Marin City School with architect Vincent G. Raney, according to Board President Mrs. Minnie Sievers.

Continued discussion of the budget will follow, Mrs. Sievers said.

Win Scholastic Honors Queen, Billy Take Tea

Two Marin students at City College of San Francisco are among 31 scholarship winners who will graduate in 8 o'clock exercises tonight in Riordan High School auditorium, San Francisco. There are 783 in the graduating class.

Robert Merritt of 27 Magnolia avenue, San Anselmo, will receive an Alice Eastwood (horticulture) scholarship. Belva Ann Smith of Point Reyes Station will receive a San Francisco Flower Industry scholarship.

Boat Trailer Highway Rules Listed

If you own a boat and tow it behind your car, Capt. T. F. Parnow, commander of the San Rafael area of the California Highway Patrol, has a word of safety for you.

He says the law requires trailers carrying loads that extend 24 inches or more to the left of the center of the steering wheel to be equipped with signal lamps or approved signal devices.

Also the trailers should have a red tail lamp, a license plate lamp, one red reflector and a stop lamp. Also the towing vehicle should have a mirror reflecting a view of the highway 200 feet to the rear.

Parnow also said trailer hitches must be properly secured and mounted with a safety chain; that the vehicle towing a trailer should not exceed 45 miles an hour.

License Revoked, Pistol In Car, Marin Man Jailed

Melvin Allen Dunlap, 25, of 33 Redding street, San Rafael, caught driving with a revoked license Wednesday, faces the additional charge of carrying a revolver without a license.

Officer Leon deLisle Jr. caught Dunlap at West and Jessup streets about 10:50 p.m. He and Officer John Kingston found a six-shot revolver with two live cartridges inside the glove compartment of the car. But the barrel of the revolver was missing.

Dunlap was bailed out of Marin County Jail for $1,000.

Kentfield Girl Wins Diploma From U.C.

Phyllis Anne Spilker, daughter of Mrs. V. E. Spilker of Kentfield and Cmdr. J. J. Spilker of San Francisco, received her B. A. degree at the University of California yesterday. She will work at the Donner Research Laboratory at the University this summer and return in the fall for post-graduate work in physiology.

Land Value Estimates Vary Widely

Property in Sleepy Hollow, which San Anselmo wants for a new fire substation, is worth anywhere from $9,900 to $21,000, according to testimony of appraisers, who are testifying in the condemnation trial in Marin Superior Court.

Trial opened Wednesday before a jury sitting in the court of Judge Jordan L. Martinelli.

The city wants three lots at the corner of Butterfield road and Arroyo avenue, owned by Daniel N. Sapp and his wife, Hildegarde, of 8 Arroyo avenue.

San Anselmo, represented by City Atty. John G. Buresh, presented appraisers who value the lots at $9,900. Appraisers for the Sapps testified the land and severance damage should be between $15,000 and $21,000. Attorney Wallace S. Myers is attorney for the landowners.

Governor Abandons Basic Position And He'll Regret It

Gov. Edmund G. Brown has made himself felt around Sacramento. He has taken strong hold of the reins of government.

We, who did not endorse his candidacy, have been watching him carefully. What we have been seeing has not been displeasing. He, personally and with a few digressions, has attacked the problems of our state with determined and well considered programs.

We haven't always agreed with these programs, but felt he believed in them basically, not merely as convenient political conveyances.

Thus we were rather taken aback by an about-face on one of his original concepts.

Ever since his inauguration, Governor Brown has opposed establishment of special funds for special purposes. He is against, for example, the Fairs and Expositions Fund, earmarked for local fairs and beyond the control of the Legislature to supervise or regulate. He recommended it be abolished.

In his budget message to the Legislature last January he decried the fact that "large sums of money from taxation . . . are substantially diverted from the general fund and are directed to various specific functions. . . . "

Setting up such funds "inhibit appropriate annual budget scrutiny," he declared. We think he had a good point.

But that was last January. Last week, when his oil severance tax bill was in trouble in the Assembly, he proposed that a portion of it be set up in a special fund to pay a salary increase for state college teachers. He made the proposal even though he had earlier rejected a special raise for these teachers.

This is disappointing. The governor tossed aside his basic contention, that the Legislature should have a wider control over the spending of our taxes, for the political expedient of getting his oil severance tax passed.

Even his abandonment of principle, however, didn't succeed. Perhaps, because of it, and another sly parliamentary maneuver which backfired, the bill lost.

Something more important than the bill was lost. Something the governor is going to have trouble replacing—the confidence of his supporters. Now they will always fear he will change for political expediency.

Would the governor take similar action if other of his tax bills were in trouble? he was asked at a press conference.

"I'd hate to do it. I'd hate to do it, but I will meet each situation as it comes along," Brown answered. "I am against dedicated funds, but in a situation such as this and the needs of the state, I am willing to make compromises that are not immoral or wrong."

We think it was wrong, Governor, to abandon a principle. So did the legislature. We're sorry it happened.

'MAN—THIS WOULD BE LIVING'

Army Finds Women Cost More

The U.S. Army has learned what married men have known all along—that it costs more to clothe a woman than a man.

The initial clothing allowance for an enlisted man, the Army says, is $166.20, but for a Wac it is $232.36. A soldier gets one pair of boots, a Wac four pairs of shoes and one pair of pumps. A Wac gets a handbag and overshoes. A soldier uses his pockets and gets his feet wet.

Then there is the matter of underwear. A G.I. gets $5.40 worth of shirts and drawers, a Wac is allowed $30 for "undergarments" which the Army, with appropriate modesty, does not describe specifically.

The Army is to be commended for letting us taxpayers know what it has learned about the problems of clothing its personnel, male and female. Now, if it will tell us how it handles the problem of the Wac who says she can't go on duty because she simply doesn't have "a thing to wear," all husbands will be eternally grateful. (Denver Post)

Washington, D. C, After Dark One Of U. S. 'Swingin'est Towns

By ED CREAGH
For Hal Boyle

WASHINGTON (AP) — The piano sets the pace and the pitch the brass brays, then the clarinet comes on — cool as a robin on a spring-blossomed limb, wild as the writhings of an Arab girl dancer.

And then, man you've got jazz going.

Where? Right here in your nation's capital.

Only reason I mention this is that tourists and most natives—the natives mostly flee to their suburbs at 5:01 p.m. — have the false impression that Washington folds up its sidewalks, turns off Congress and wraps the White House in cotton wool at sunset.

But Washington is one of the swingin'est jazz towns in the U.S.A.

There's Charlie Byrd at the Showboat, bobbing and weaving over a guitar that twangs out rhythms which would drive a Gypsy mad.

There's Wild Bill Whelan at the Bayou, probably wearing a mad plaid jacket, blowing his lungs out through the bell of a trumpet.

AND MAYBE BEST of all, if you will allow a personal preference, there is Booker Coleman at the Charles Lounge, with a Dixieland-type combo the like of which you are not going to hear this side of New Orleans and maybe not there.

Booker is a comfortably large Negro who sits at a grand piano, which he tunes himself, and, with his head swinging side to side like a jazzed-up metronome, and a pungent six-cent cigar at a 45-degree angle, wrings melody out of that piano.

There's always rock 'n' roll and hillbilly.

AN OUTFIT KNOWN as the Treniers is at the Casino Royal. I haven't heard them, and am not about to. They sound like, even at a distance, more than an old man can stand.

And if you don't like music at all, or at least nonclassical music, we've got live burlesque, and night clubs on the outskirts that would make a traveling salesman blush.

Just wanted you to know that Congress doesn't put on the only show in town.

WHAT OUR READERS SAY

Consideration Of Others Pays Off

EDITOR,
Independent-Journal:

We seem so anxious to criticize someone for acts or work in which we feel they have failed to fulfil their obligations as we see it. Then why are we so reluctant to give credit and praise when one performs a duty beyond the call of duty?

It's my pleasure to call to your's and others', what I believe a 10-year-old feels is his job. A delivery boy for your paper.

Here in Lagunitas, it is more difficult because of distances up hill and often isolated spots. Yet in spite of these, he faithfully delivers each day. It is on time and in good condition.

That is, of course, any expected chore, and one he is paid for. But no one ever knows, except people like me who has the satisfaction of knowing.

If Gus finds several issues not claimed by me, he phones to check if I'm ill or why?

You see I am elderly woman living alone and isolated. I know if he got no reply, he would start an investigation possibly saving suffering or even life, I reiterate, without extra pay or any consideration except my appreciation.

We read so much of destructive acts of youth today, but rarely do we hear of youths performing acts of kindness or assuming responsibilities just as we are conscious of more time, efforts and money on advantages brilliant children rarely receive.

You say it's because the brilliant will manage and usually do. But I, for one, feel it would encourage these to even greater efforts if recognized and even a token reward as incentive.

Won't you please tell others of these fine lads, to encourage them, that we in this complex world notice and appreciate these acts; that it pays, maybe not immediately but laying the foundation for a pattern of life.

Let us give credit as readily as we do criticism. That seems but fair.

The boy's name is Gus Sousa of Lagunitas. He will be surprised if he hears of this, for he knows nothing of this and only a thank you from me when he phoned.

More power to him. I feel sure he will give an accounting in the future and not base his life on hand-outs, but on his own efforts.

Thanks for selecting such good ambassadors.

MAN HAS SOME TIPS

So You're Going On Your Vacation

By FRANK ELEAZER

WASHINGTON (UPI) — One way to beat the high cost of travel this summer is let your wife handle the tipping. Another is to stay home.

A new book on the subject, written by a fellow who ought to know, recommends for and against these solutions, respectively.

The author is Michael Frome, for many years travel editor of the American Automobile Association. Frome says if you're smart you still can get out on the road, have fun, and come home with all your gold fillings.

His book is called "Better Vacations For Your Money." Frome says if all you have in mind is saving your dough, you better forget the whole thing. He does have lots of ideas though for easing the pain.

"YOU DON'T HAVE to tip anybody, anywhere, anything," counsels traveler Frome. "You do so only because you want to, in appreciation for service well-rendered."

He must have known you won't believe this. That's why he says let your wife do it. "Women are especially sensible in matters relating to tipping."

Frome, being an old AAA man, naturally starts out with the presumption you will be going by car. He says it will help to get it fixed first, because the local mechanics are cheap compared with those in somebody else's home town.

Once under way, figure $30 per thousand miles for the gas and oil. From there on, you can write your own budget. It appears there are three courses to follow, ranging from expensive to uncomfortable.

TAKING THEM in reverse order, there is camping. Frome says 22 million people did it last year. Camping, he says, is not what it was in the good old days, and thank goodness for that, anyway.

The difference is in the fine new camp sites, with conveniences like showers, sometimes with hot water, going up in state and national parks all over the country.

Four campers can hope to get by on $100 a week.

If you like to rough it on a foam rubber bed, Frome says maybe the motel route is for you. If so, figure $10 to $12 a night for the room; at least $5 daily per person for food.

For a week in a cottage somewhere at the beach or the mountains $90 is average rent.

FOR THOSE WHO just want to sit down, Frome has a kind word for the resort hotel, from which he says all the guests come away feeling like millionaires. This is possibly because they are millionaires. Anyway, he suggests $325 per week "and up" as a likely price for a family of four.

I guess the author reaches his literary peak in this 160-page book on page 97. In a sentence that can't be improved, he says:

"Be prepared to pay."

I-J REPORTER'S NOTEBOOK

By DONALD G. DAVIS

Uncle Francis Drake Wanted Them To Find That Plate Of Brass

Most historians agree that Sir Francis Drake landed on California shores in 1579. But just where, is the sticky point on which they do not agree.

Some say Drake's now-famous Plate of Brass was nailed to a post at what is now Drake's Bay. Others say he sailed through the Golden Gate and the plate, naming the area Nova Albion after England, was planted on the San Francisco Bay shores of Marin.

It was brought to light by a young picnicker in the 1930s. He uncovered it at Greenbrae, and later it was discovered that it had been abandoned there by a chauffeur who had picked it up on a ranch that bordered on the Drake's Bay shoreline.

TURNING BACK the timeclock to late June, 1579, we find a teen-age Indian boy, named Joe, standing on a pile of used clam shells, waving to a sailing ship as it rounds the bend toward the Golden Gate.

His meditative gaze is rudely interrupted by a sharp slap on the fanny.

"Joe," his mother admonishes, "get out there and pick up some more clams. If you don't we ain't going to have nothing for supper."

"Awww," sputters Joe, "someday I'm going to leave this joint. If it ain't running up Mt. Tamalpais to get firewood, it's out in the mud for clams. Someday I'm going to sail away in a ship like Uncle Francis."

"NEVER MIND that," his mother says, "fetch them clams and fast. And on the way back get some clean sand so I can polish up the plate for supper."

"Still putting on the dog, eh," Joe asks, stinging from the slap. "I don't think Uncle Francis meant that plate to be eaten off of. That's why he nailed it to that board. Why did you take it down?"

"Just never you mind," said his mother, and with that she gave him another smart smack across the flanks.

Joe ran off for the clams, but he vowed if he never did anything else he'd get even. He'd get rid of that plate, and at the same time preserve it for history, just the way he thought Uncle Francis wanted it.

That evening after Joe had buried the clams, run up Mt. Tamalpais for firewood, and brought in clean sand to scour the plate, he laid a few plans. He also laid in a small supply of dried clams, and packed them into his knapsack.

THEN WHEN the folks were asleep, he made a stealthy getaway. He trotted up across Sausalito's mudflats up through Ross Valley, stopped at Samuel Taylor State Park for a swig of spring water and then loped over to Olema and out past Inverness.

When he got out far enough on Point Reyes he stopped once more and caught his breath. Sitting down under the moonlight Joe had one last meal on the plate. One side of it was kind of rough and had a lot of marks, but Uncle Francis had said that was the important side.

Joe turned the plate over, to the smooth side, dumped out his dried clams and ate.

WHEN HE FINISHED he looked around for a stretch of sandy soil and started to bury his treasure. But at the last minute he hesitated.

I ought to get something out of this for myself, he thought, and so thinking brought out of his knapsack a little stone chisel.

In one corner of the plate there was a round, thin metal object just like those Uncle Francis and his men had given the Indians at home.

Joe chipped it off and put it in his pocket.

And then he trotted home, thinking about the good whack he'd get from his ma.

Why Dr. Adenauer Reversed Himself And Decided To Run For President

Although in the past 65 days Dr. Adenauer has reversed himself about the presidency and the chancellorship, his convictions and his purpose have been quite consistent. Above all other things, above, for example, the reunification of the two Germanys, he is determined to assure the continuity of a close collaboration between West Germany and France.

This is the core of his European policy. It's instrumentalities are the common market, the coal and steel and atomic communities, and in a considerable degree NATO itself. The binding force for the time being is personal affinity between Dr. Adenauer and Gen. de Gaulle.

THE PROBLEM which he has been wrestling with this spring is how he himself can most effectively defend and promote this Franco-German policy.

On April 7, he had let himself be persuaded by his party leaders to give up being chancellor and to run for president. He believed then that this was the best way to insure his policy beyond the hazards of the elections of 1961. For at least two years to come, he would be president and the chancellor would be his appointee and his subordinate.

THE CHANCELLOR would be Herr Etzel, who is an experienced and deeply convinced believer in the Adenauer policy. During these two years Dr. Adenauer would enhance the power of the German president, presumably as Gen. de Gaulle has enhanced the power of the French president. Then, if the elections of 1961 went against the Adenauer party, he would still be President with much power and great influence to check any radical revision of his policy.

These calculations have miscarried because the bulk of the party leaders refused to accept Herr Etzel as chancellor. The party insisted that the chancellor be Dr. Erhard, whom they consider their best vote-getter. This destroyed the assumptions on which Dr. Adenauer had made his decision to give up the chancellorship and to run for president.

FOR TWO BIG reasons, Dr. Adenauer could not accept Dr. Erhard. One is that Dr. Erhard is not an enthusiast for the idea of a Little Europe of six nations revolving around collaboration between Paris and Bonn.

He in fact believes in wider markets not only in Little Europe, not only in bigger Europe, but also in all of Europe, which would mean more trade with Eastern Europe, with Russia, and beyond.

Although Dr. Erhard has conformed and has been loyal, he is not a true believer in the Adenauer European policy. At the same time he is not a yes-man, and he is in fact a strong man in his own right.

WITH HIM AS chancellor, Dr. Adenauer would be unable to enhance greatly the powers of the president. So he has felt compelled to reverse the decision of April 7, and to declare his intention of remaining, if he can, chancellor at least until after the elections of 1961.

This is not, to be sure, the official explanation. But it is the only one that makes sense and fits all the known facts. Moreover, it is the view generally held by those who have a close knowledge of the problems of the Common Market and of Franco-German collaboration.

'Mad Bomber' Sought In Boston 'El' Explosion

BOSTON (AP)—Police today hunted a "mad bomber" in the wake of an explosion which shattered a rapid transit train station 30 feet above a busy Boston intersection yesterday.

Thirty-seven persons were injured, three seriously, in the blast which investigators said was caused by a home-made bomb planted in a public coin locker.

High police officials said the bombing apparently was the work of a lunatic, bent on destruction.

Police probing through the ruins found six dry-cell batteries near some shattered fragments of the metal lockers.

They said the batteries were covered with a sulphite residue, indicating they were part of a bomb. Police said the bomb might have been activated by an oncoming train.

Investigators said the bomb went off with the explosive force of a 500-pound Air Force bomb of World War II.

The blast blew apart the big 58-year-old pagoda-type waiting room on the elevated station of the Metropolitan Rapid Transit Authority.

It caught several persons within the waiting room and on the outdoor station platform. Some of them were blown 30 feet to busy Canal and Causeway streets below.

Six more were injured as they sat in a train approaching the station. The blast stopped the train 20 feet away. Only three seconds later the train would have been in direct line of the explosion.

Others were injured on the street below by the terrific concussion and by flying debris.

Scene of the blast is directly across the street from the North Station railroad terminal which also houses the Boston Garden sports arena.

Eight hours after the 2 p.m. explosion, the switchboard operator at North Station received an anonymous telephone call that a bomb had been placed in that 14-story structure.

The operator said the caller also said that the afternoon blast "was meant for McGinnis." Patrick B. McGinnis is president of the Boston and Maine railroad.

The Hundred Years War, which began in 1337, involved England, Scotland, Germany, France and most other European countries.

Assembly Unit Approves S. F. Bay Tube

SACRAMENTO (UPI) — The Assembly Ways and Means Committee has approved a bill providing for ultimate construction of a tube underneath San Francisco Bay to link San Francisco and Alameda counties.

The bill by Sen. John F. McCarthy (R-San Rafael) provides for $115,000,000 to construct the tube if the five counties surrounding the bay approve a 500 million dollar bond issue to buy rapid transit facilities in the area.

The same committee also approved another McCarthy measure yesterday which calls for a $250,000 two-year study by a seven-man commission of the possibility of a single authority taking over all of the Bay Area's transit facilities including airports, harbors and bridges.

SAME OLD STORY FOR A.F. FAMILY AS VAN BURNS

OKLAHOMA CITY (AP) — Air Force Capt. George F. Miller learned yesterday he's in the market for new furniture — for the second time in two years.

The Millers lost their furniture two years ago when the moving van was wrecked and burned enroute to Palm Beach Air Force Base in Florida.

Yesterday the couple arrived at Tinker Air Force Base here and Miller reported to the base.

"Captain," a secretary said, "the van bringing your furniture had a wreck and burned. It was a total loss."

Wider Race Bias Study Urged Here

Other aspects of racial discrimination besides housing should also be given attention, aver members of the Service Committee of the Unitarian Church of Marin.

The Unitarians, in a letter to Lloyd Grandi, chairman of the Marin County Committee on Racial Discrimination, made public today, agree that discrimination in housing is perhaps the most basic in its effect on other social relationships. Consideration should be given also, they say, to opportunities for education, employment and generally full participation in community life.

Gov. Long Still Hopes To Run

GALVESTON, Tex. (AP)—Gov. Earl K. Long, determined to go ahead despite pleas to skip a court sanity hearing Tuesday, holds to his dream of a fourth term in Louisiana.

This remark comes from one of the visitors Long has had recently in a psychiatric clinic here:

"He hasn't given up one iota the idea of running again."

As for the scheduled hearing Tuesday in Probate Judge Hugh Gibson's court, the Louisiana informant emphasized: "Long won't budge—he wants that hearing."

Long's attorneys announced yesterday the governor is going to fight to void his wife's commital action. He plans to appear in person and will ask for a jury hearing. Adrian S. Levy Sr., one of three court-appointed attorneys, said.

Levy made the announcement after a closed conference with the 63-year-old Long at John Sealy Hospital.

Mrs. Long came to Galveston Wednesday with doctors from back home and Long's friends in an effort to turn him from the court session.

Impressions of some of the visitors are that Long "still won't acknowledge he's ill—but he admits he's worn out and needs a rest."

Medical authorities said while Long's condition was not too much changed, "he's much more agreeable, more cooperative."

Hogan Off To Fast Start In Bid For 5th Open Title

Ben Shares Lead With Youths In First Round

BY LEO H. PETERSEN

MAMARONECK, N.Y. (UPI)—His game's the same, but the big question in the second round of the U.O. Open Golf Championship today was whether Bantam Ben Hogan's aging legs could carry him through four rugged rounds to an unprecedented fifth title.

Dead on his game on a course he knows so well, the 46-year-old Hogan fired a 32-37—69 for a share of the first day lead with three 29-year-olds—P.G.A. Champion Dow Finsterwald; dead-pan Gene Littler, who always has been rated as a potential Hogan, and Dick Knight, whose claim to golfing fame is that he won the Northern California Open.

They all know Hogan's golf. But not even Ben can be sure his legs can withstand the challenge of the younger guard closing in on him—or even that of the ever-flaring hopes of 47-year-old Sam Snead, who was four strokes off the pace.

GREAT NINE

Hogan shot what he called "as good a nine as I've ever played" in the 20-mile-an-hour wind which whipped the tough west course of the Winged Foot Golf Course yesterday when he played the front nine three under par.

Ben had three birdies, thanks to his putter, on that front nine but he had two bogeys on the back nine—the other being at the 212-yard par three 13th where it looked like he hit a perfect tee shot. The wind carried it into a trap, however.

That wind made it tough for most of the field of 149 golfers and only Hogan with those three 29-year-olds were able to break par. Hillman Robbins, who won the U.S. Amateur title in 1957 and is playing his first year as a pro, matched par at 70.

MANY SHOOT 71

There were a host of 71's—including two-time Open winner Cary Middlecoff, Mike Souchak, Arnold Palmer, Billy Casper, Don January, Lionel Hebert, Ted Kroll and Bo Wininger. U.S. Amateur king Charley Coe, Doug Ford and Al Balding were among 10 in the 72 bracket. Defending Champion Tommy Bolt had a 75 and complained not about his game, but because "so few spectators followed us."

There were five others besides Snead at 73 while the six at 74 included former U.S. Open king Jack Fleck.

SNEAD MIFFED

Snead, who pointed out that he had broken par in every practice round, said he "just couldn't hit a damn thing." When he finished, he went right to the practice tee and stayed there "until I got my old feeling back."

After today's second round, the field will be cut to the low 50 and ties for the final two rounds on Saturday.

Podres Flips Two-Hitter; Braves Win

By ASSOCIATED PRESS

It took Johnny Podres five years and a little more than a month to pitch his first two-hitter in the majors. Now the stocky southpaw has put away two in less than three weeks.

He got the second last night, giving up only a leadoff single by Richie Ashburn and a fourth-inning single by Wally Post while pitching Los Angeles to an 11-0 victory over the Phillies at Philadelphia. That gave the Dodgers full command of third place in the National League.

Podres' 15th shutout in the majors left the Dodgers within two games of second place San Francisco, beaten 12-9 at Pittsburgh. That plunked the Giants two games back of Milwaukee's first place Braves, who won 8-0 at St. Louis behind Bob Buhl's five-hitter.

CUBS ZEROED

Don Newcombe also collected a shutout, giving up nine hits while winning his fifth in a row in an 8-0 Cincinnati victory at Chicago. The loss dropped the Cubs into a fourth place tie with Pittsburgh.

The Dodgers made it a breeze for Podres by rapping five Phil pitchers for 19 hits. Robin Roberts (4-5) was the loser.

Podres, who has pitched seven three-hitters in his career, struck out six and gave up three walks.

Buhl (6-3), coming back after last year's arm trouble, won his fourth in a row with his second shutout. He walked four, struck out eight.

Marin Contingent To Make Trail Ride

A Marin County contingent will be among the more than 300 horsemen who will start on a five-day trek Monday with the Sonoma County Trail Blazers to the wilds of Mendocino County west of Willitts.

Carriers on the all-male expedition will include a 10-mule jerk line freighter, six and eight horse wagons, stage coaches and double rigs. A roundup and rodeo on Puddin' Creek will be a feature of the trip.

Marinite To Attend University Of Madrid

Don Palmer, 23, son of Mr. and Mrs. Chester B. Palmer of San Rafael, has been accepted as a student at the University of Madrid.

Palmer, a major in international relations, will be graduated from the College of Marin in absentia next week. He will sail for Europe June 27, and will visit friends in Germany before going on to Spain.

Lane Favored Over Ortiz In Title Fight

NEW YORK (AP)—Kenny Lane and Carlos Ortiz get their chance for a world boxing championship tonight, although it isn't the title they have been shooting at for years.

Lane and Ortiz will battle 12 rounds or less at Madison Square Garden for the revived junior welterweight crown. This division, inactive since 1946, is halfway between the light and welter classes, with a weight limit of 140 pounds.

Both the New York State Athletic Commission and the National Boxing Assn. agreed to recognize the winner of this bout as the titleholder. Duilio Loi of Italy, the European welter king, already has agreed to meet the new champ in the Garden August 21. It is close to a pick 'em even money fight with a slight edge to Lane.

The fight will be seen and heard on network (NBC) radio and television, starting at 7 p. m., PDT.

Even if no title were at stake, this would be an interesting rematch of a December 31 battle between the two men at Miami Beach, Fla.

CLOSE DECISION

Lane, 27, won a majority decision in that 10-round match. Two officials had him ahead in the "10-point must" system. The other two scored it even.

Under New York rules, two judges and a referee will score the bout by rounds, using a supplementary point system in case of even rounds.

Lane has been yelling for another shot at Joe Brown's lightweight championship ever since he lost a close and disputed verdict to the champ at Houston last June 25. The talented southpaw from Muskegon, Mich., is the No. 1 contender in the lightweight (135-pound) class. Ortiz, 22, is No. 2. He never has had a chance at the crown.

Chisox Boost Lead On Pierce's One-Hitter

By ASSOCIATED PRESS

Billy Pierce missed that elusive no-hitter he's come so close to nailing again last night, coming off with the fourth one-hitter of his career—tops among active pitchers in the majors.

This one hoisted the Chicago White Sox into a 1½-game lead in the American League with a 3-1 victory over the Washington Senators.

Pierce, whose last one-hitter was a 3-0 decision over the Senators June 27 last year, gave up a third-inning double by Ron Sanford last night, then pushed the run across with three consecutive walks.

The win added a half-game to Chicago's lead as Cleveland replaced Baltimore in second place by beating the Orioles 2-1. Rocky Colavito, who tied a major league record with four home runs Wednesday night, doubled home the deciding run in the eighth as the Indians won two in a row for the first time in three weeks. Detroit regained fourth place by belting Boston 8-1 as Kansas City skidded New York to fifth 9-5.

The White Sox nicked Camilo Pascual (4-7) for a third-inning run on Jim Landis' single and a double by Nellie Fox. But they couldn't do it again until Landis delivered a two-run, two-out double in the ninth.

Colavito's double, following a walk to Woody Held, broke up a 1-1 duel between southpaw Don Ferrarese of the Indians and Milt Pappas of the Orioles. Both finished with seven-hitters and 5-3 records.

Giants Invade Philadelphia After Pitt Comedy Of Errors

PHILADELPHIA (UPI) — The San Francisco Giants rolled in here for a four-day series against the Phillies tonight and it was hard to tell if they were coming from Brooklyn or Pittsburgh.

That error-packed, daffy contest the Giants played with the Pirates yesterday had all the earmarks of one of those patented Ebbets Field specials.

Pittsburgh committed seven errors and still won the game, 12-9. The Giants made five miscues. It was a screwy wrap-up to one of the wildest series of the year.

Mike McCormick, 3-5, is expected to take the mound tonight for the Giants against former Giant Ruben Gomez, 1-3, who was defeated by his old teammates earlier this season.

EVEN RECORD

Yesterdays loss to the Pirates evened the Giants' road mark at 6-6. San Francisco got off to a 5-0 lead in the second inning, but they managed to lose that. Jack Sanford, the starting Giant hurler, left the game in the second inning when he was clipped on the right hand by a pitch by Bob Friend. There were no broken bones. Five other Giant pitchers followed.

2 WILLIES HOMER

Willie Kirkland smashed two homers for the Giants and Willie Mays came in as a pinch-hitter in the eighth and gave the San Franciscans an 8-7 lead with a three-run homer. That lead lasted only minutes. The Pirates jumped on Stu Miller in the bottom of the eighth for five runs and that was it.

But there was plenty of excitement. Of the 12 errors, five were muffed popflies. Two boots by shortstop Andre Rodgers proved costly to the Giants. His first paved the way for two Pirate runs in the seventh and his second aided the five-run Pittsburgh rally in the eighth.

Dick Stuart belted his third homer of the series for the Pirates in the second. It was his 10th of the year.

The win went to Elroy Face, who has now grabbed nine decisions while remaining undefeated. Face, however, almost was tagged for his first loss. He gave up that three-run homer to Mays.

Miller, who was making his third appearance in four days, was charged with the defeat, his second against three wins.

The Giants will play single games tonight and tomorrow and a doubleheader on Sunday. They will return to San Francisco for a series with Cincinnati beginning Tuesday.

The BULLPEN

With JOHN J. CONNOLLY

CONNOLLY

The Bullpen has wound up a very interesting, highly illuminating "Gallupping Poll" of its own, to find out how deeply bitten is our neighborhood with the pay TV bug.

Rather startling, yet not alarming, are the results.

Last year there were 33,560 TV families; in 1959 Marin County has grown to 41,300 TV families.

That means 87 per cent will not get to see the Floyd Patterson-Ingemar Johansson heavyweight championship fight June 25 in N.Y.

The closed circuit rights were sold, so I'm told, to Teleprompter Corporation for 300,000 scooties, lettuce leaves, or dollars.

If it will be any comfort to the followers of this corner of wisdom, you all can take the family to see the fight on CLOSED CIRCUIT TV for $10 or $20 and up.

In my "Galluping Poll" I found out that Congress has given the F.C.C. the green light to grant the five air wave pay TV scrambled systems a three-year test. The Bay Area might get the baseball, sports and movies exclusively for the millionaries, and the upper bracket TV families who are willing to cut down on eating, drinking and smoking to be able to install the expensively complicated scrambled systems and feed the pay TV coin boxes.

ZENITH (Phonevision) is reported dickering with the Milwaukee Braves. The other four, including Skiatron, are moving fast behind the outfield fences, including the universities.

Pay TV is no longer a myth or a maybe.

Congress has said OK.

So hold on to your antenna, for here come Zenith, Telemeter, Skiatron ,Bi-tran and Teleglobe, who have invested years and millions of dollars to clap an "electronic padlock" on your TV set.

There's one thing this old mick knows for sure: sports telecasting causes more empty seats than a sponsor can pay for.

The result is the necessary blackouts. Some form of TV is the only answer.

Dr. Rudolf Flesch, Dobbs Ferry, N.Y. has granted me permission to use his Angel TV article. It was printed in April 1959 in the L.A. Times.

DR. FLESCH believes people would prefer to be "Angels" to the low income and charity classes, who can't afford to carry their pro-rated share of any form of Pay TV, scrambled or compatible "Angel TV."

Now I guess you're wondering what I mean by Angel TV. And here I quote from the article written by Mr. Flesch.

"What is Angel TV? Very simple. It's the application of current methods of Broadway production to TV. Whenever a producer has a show he wants to bring to Broadway, he finds the necessary number of financial backers. As soon as he has the money he goes ahead and does the show.

"So here is my simple proposal. Let's start tomorrow morning and put on productions paid for by the audience. It would work like this: TV playwrights would seek out producers; the producers would sign up a cast and make arrangements for a suitable TV date; then he would announce the show to the National TV audience and invite subscriptions.

"I UNDERSTAND a good Playhouse 90 production costs some $100,000.

"All right, let's ask 100,000 people to pay $1 each.

"Why wouldn't that work? I certainly wouldn't hesitate a minute to pay a dollar for having, say, Charles Laughton and Audrey Hepburn, do a first-rate play some Thursday evening in my living room.

"Don't you think 99,000 other people would feel the same way? I do.

"And then, can you imagine a good TV evening without commercials?

"I'm eager to send in my dollar. Any takers?"

That is what is known as "Angel TV."

The truth is that it will cost considerably less to be an "Angel" because you have a devil of a lot of expensive decoding gadgets to see a sports telecast via compatible Angel Toll Vision.

MY CHIEF investigator of this Pay TV is a guy named Hal Schwartz of the Halvick Toll Vision, a voluntary pre-subscription system for Compatible Pay TV.

As an example of Angel TV-national networks: There would be 200 stations; 5,000,000 Angel TV subscribers equals $2,500,000 at 50 cents per family instead of $10 or $20 on the closed circuit.

According to International Business Machines, who have been working with my fran Mr. Schwartz on this, it will be easy to tabulate the subscribers on ATV-coded cards.

Do you understand?

Special Jury To Probe L. A. Beating

LOS ANGELES (AP) — Was Jackie Leonard actually beaten by underworld thugs—as the boxing promoter claims?

Or was it an illusion that followed some sort of seizure and a fall—as Police Chief William Parker contends?

A special Federal Grand Jury will try to learn the answer in an investigation starting June 23.

The probe was announced yesterday after a meeting of federal, state and local investigators.

Lloyd F. Dunn, special assistant to the U.S. attorney general, said the grand jury also will investigate alleged mob influence in Los Angeles fight circles.

Leonard, promoter at Hollywood Legion Stadium, says he was beaten by thugs June 3 because he refused to play ball with an underworld attempt to muscle in on welterweight champion Don Jordon's contract.

He had testified before the State Athletic Commission that he was approached in the mistaken belief he actually owned part of the Los Angeles boxer's contract.

BLACKOUT?

Chief Parker said Wednesday that Leonard apparently blacked out in the garage of his home last week, fell and hit his head on a portable barbecue. He expressed belief Leonard honestly thought he was attacked and attributed the alleged illusion to the promoter's fears of underworld vengeance and a weakened physical condition.

Leonard's private physician, Dr. Louis Benson, said he and two other doctors agreed Leonard suffered a concussion, multiple bruises on the forehead, chest and back and a golf ball-sized bump behind his right ear.

Dr. Charles Sebastian, head of Central Receiving Hospital, who examined Leonard at Parker's request, said Leonard's injuries seemed minor and didn't indicate he had been beaten.

Eastern Golf Champ

BALTIMORE (AP) — Mrs. Edward McAuliffe of Haverhill, Mass., won the Eastern Women's Amateur Golf Championship yesterday in a playoff with Joanne Goodwin of Haverhill and Mrs. Maxon Berger of Westwood, N. Y. Each finished the regulation 54 holes with scores of 232.

New Offense For Cal, Coach Tells Rotary

Bill Taylor, end coach at California, served notice on Cal's opponents this year, when he told members of the Sausalito Rotary Club yesterday that "We have our entire line back this year and we are building a series of new offensive plays."

Taylor, last year's frosh coach who was promoted to the varsity by Head Coach Pete Elliott, pointed out that "with defenses getting to be as good as they are these days, any series of offensive plays is good for only a couple of years. So we'll have a new offense."

Taylor said that Cal will lose quarterback Joe Kapp and halfbacks Hank Olguin and Jack Hart, but that last year's reserves who had plenty of playing time will move up. "We like Larry Parque as quarter," Taylor said, "But Wayne Crow looks awfully good, too."

Halfback Jack Yerman is trying out for a berth in the Olympics, Taylor said, and will not be available for football this year.

RECRUITING PROGRAM

Touching briefly on the recruiting procedures now allowed, Taylor announced that "We started out to get 18 outstanding players. Thus far, we have landed 12 and expect a couple more."

On the current conference picture, Taylor noted that California, Washington, USC and UCLA are now in the new group, adding "And I'm sure that Stanford will fall in line."

Taylor predicted, too, that "in two or three years, the Air Force Academy at Colorado Springs will join the conference, making it one of the strongest in the country."

He anticipates a similar eastern conference which would include Annapolis and West Point. "It would be my guess," he predicted, "that the Rose Bowl game will ultimately become either a playoff of the professional leagues or it will be a struggle between the Big 10 winner and the top team from either the new western or eastern conference."

Commenting on Cal's schedule, Taylor termed it "suicide row." The season opens Sept. 19 against Washington State at Pullman. On successive Saturdays, Cal plays Iowa, Texas, Notre Dame, UCLA, Oregon State, USC, Oregon, Washington and Stanford.

Taylor was accompanied by Cal left end Dave George of Mill Valley, son of John George, vice principal at Tamalpais High School.

Juan (Gus) Hayes was chairman of the luncheon as George Elkington presided.

43 Entries In Transpac Yacht Race

LOS ANGELES (UPI)—The 21st biennial Transpacific Yacht Race from Los Angeles Harbor to Honolulu, starting July 4, yesterday drew 43 of the world's sleekest ocean sailing vessels.

The 2,225-mile event will have the second largest fleet in history, exceeded only in 1955 with 53 boats, according to Ira P. Fulmor, commodore of the sponsoring Transpacific Yacht Club.

Nineteen of the entries are veterans of previous races, while 24 will be first-time starters; 80 per cent of the entries are from West Coast yacht clubs, with more than half of them from Southern California; sven are from the Pacific Northwest, and five will sail from the St. Francis Yacht Club, San Francisco.

San Diego entries included the 90-foot Novia Del Mar, a Transpac veteran owned by John P. Scripps; and a newcomer, Cloud Nine, 45-foot yawl entered by Bill Burnett.

HAWAIIAN ENTRIES

Two new Transpac starters will represent the 50th state—the 41-foot yawl Tiare and the 36-foot sloop No Hu Hu, both of Honolulu.

The Pavana, 52-foot schooner currently on the high seas and expected here June 20, will fly Australian colors, along with the 38-foot cutter Anitra V, being shipped from the Royal Sydney Yacht Squadron.

A lone feminine skipper, Miss Sally Blair Ames, Beverly Hills, Calif., was on the list. Although a veteran skipper, she will make her debut in long-distance ocean sailing in this year's event. She recently purchased the 75-foot schooner Constellation, a contender in both the 1955 and 1957 races.

Winner of the last race two years ago was the 50-foot sloop Legend owned by Charles Ullman, of Newport Beach, Calif., which recorded the best corrected time of 11 days, 41 minutes and 46 seconds.

Records May Fall In Farallon Race; 30 Boats Entered

By ALFRED MATSON

With a 9 o'clock start tomorrow off the St. Francis Yacht Club, many of the asilors participating in the Farallone Race will have to be up and about with the first blush of dawn's early light. For instance, a Novato yachtsman, with his boat berthed in San Rafael, will have to be chugging down the channel a couple of hours earlier to be in thet starting area on time.

Tidal conditions are the factors that make he early start a necessity; a strong morning ebb and equally heavy flood in the afternoon could whisk the yachts out to that desolate group of rocks and back in record-breaking time. The tides, of course, are but a secondary force; a good wind must prevail to enable the sailors to work the ebb and flow to the fullest advantage.

The race is an annual event and is sponsored by the San Francisco Y. C. It would be most fitting if a member participant should be the trophy winner, as the club is celebrating its 90th birthday with a "Gay Ninety" party Saturday evening and it certainly would make a handsome birthday present. Two weeks ago, member Bob Potter took top honors in the Buckner Race and it is quite possible he will hit the winner's circle again in that swift Bounty class sloop Mutineer.

According to Recorder Don Seaton, he starting line has been lengthened by a matter of 400 yards. The outer mark of the line will be a committee boat. The buoy which ordinarily is the outer mark is to be disregarded. No change will be made with regard to the inner mark.

Thirty boat owners have signified their intention of having a go at this rugged stretch of ocean racing. Ordinarily, a long beat to windward to the Farallones and then a full spinanker run back to the finish line is the procedure, but the winds of late have been unpredictable. The entries have been broken down into three divisions. The big ones, in Division "C," Baruna, Orient, Athene, et al., will get the starter's gun at 9 o'clock; Divisions "B" and "A' will follow at five-minute intervals.

THE SMALL boat contingent will take to the highlands over the weekend for some fresh water sailing in Clear Lake. A complete program of races, sponsored by the Clear Lake Y. C. at Clear Lake Highlands, will be held on Sunday. It is one of the scheduled events of the SBRA and many Marin sailors will head a northerly course for that scene of activity.

NOT TO BE outdone by their sailing compadres, the men of power will be out Sunday to match their wits, plus RPMS, against the wind and tide in an over-the-bottom race. It is sponsored by the Sausalito Cruising Club, and an accredited race of the N. C. P. C. A.

The start will be off Shell Beach and over the customary course as laid out by the sponsoring club. Entries of close to 60 boats have been received, according to Commodore Sam Schneider, and with such a good turnout a matter of only a few seconds might well determine the winner. Of the home club entries, Milton Johnson should be tops on the morning line and Jim Rear of the Corinthian Y. C. will also bear close watching.

Race Tipster Bill Passed By Senate

SACRAMENTO (AP)—A bill to regulate race track tipsters, scratched once, is back in the running.

The measure by Sen. Luther E. Gibson (D-Vallejo) was approved by the Assembly Governmental Efficiency and Economy Committee last night. The committee had previously rejected the bill, but reconsidered it at Gibson's request.

The bill requires all peddlers of horse race tip sheets to obtain a $100 license and limits the tipsters to a $5 fee for information on a race. The bill, passed by the Senate, now goes to the Assembly Ways and Means Committee.

Service Teams Win In S. R. Softball; Hamilton Tops With Unbeaten Mark

Uncle Sam must be proud today as both service teams posted victories in this week's action in the Class A Division of the San Rafael Recreation Department Men's Softball League. The Presidio Army nine shut out Sohner Tree Service, 3-0, and Hamilton Field's 28th Air Division bombed the Pacific Telephone Company, 9-2.

Hamilton's victory puts the Jets (2-0) in first place, one-half game ahead of Sohner Tree Service (2-1). The Presidio (1-1) is in the third spot, while Pacific Telephone Co. (1-2) and Novato Merchants (0-2) round out the standings.

Ed Johnson's three-hit pitching and a two-run first inning triple by Jim McKenzie enabled the Presidio to register its first win and stay in the running for the first round championship. The loss knocked Sohner Tree Service, 7-0, in both practice and league competition, from the unbeaten ranks.

The Presidio scored its three runs in the first inning on a walk, an error, a single and McKenzie's triple. Incidentally, the walk was the first given up by Sohner pitcher Lou Perazzo in 14 innings of league action.

Singles by Art Donati, Mel Coffey and Milt Hain accounted for Sohner's three hits.

In the second game, Howie Miller hurled a three-hitter and drove in four runs to pace the 28th Air Division to victory. The tall right-hander used a sharp breaking curve to strike-out eight PT&T batters. Art Marthallar and Chuck Page each homered for the winners.

The A league will resume play next Tuesday when Sohner and the 28th battle for first place in the 7:30 p. m. opener and the Presidio and the Novato Merchants vie in the 9:15 nightcap.

Kansas Favored In NCAA Track

LINCOLN, Neb. (AP)—The big cinderpath rush toward the year's climactic Pan American Games starts today with the opening of the 38th NCAA Track and Field Championships, which could produce as many as nine new meet records.

With well-manned Kansas cast in the team favorite's role, the NCAA meet begins with some five hours of preliminary competition in 18 events for the field of 440 athletes from 105 schools. From the two-day carnival at the University of Nebraska's Memorial Stadium will emerge Uncle Sam's best collegiate colorbearers for the Pan Am trials in Boulder, Colo., the following weekend.

Bosox, Nats Swap 4 Men

BOSTON (AP)—The Boston Red Sox yesterday traded infielder Billy Consolo, one-time bonus baby, and right-handed relief er Murray Wall to the Washington Senators for relief artist Dick Hyde and infielder Herb Plews.

Hyde, a submarine hurler, had a 10-3 record and an earned-run average of 1.75 last season with the Senators.

Plews, a left-handed hitter who plays mostly second base, began his baseball career in the New York Yankee chain.

Consolo, who will be 25 in August, was signed out of high school for a bonus, estimated generally at $65,000. He has been with the Sox since, playing infrequently, except for one year when he was farmed to Oakland in the Pacific Coast League.

Wall came to the Red Sox at the end of the 1957 season. Last year he pitched well in relief, but has been a disappointment this season.

The prophecy by the seventh grade will be given by Bruce Kranzler and Elwood Frink.

Diplomas will be given by Dr. Virgil Hollis, county superintendent of schools.

Type Of District For Marinwood Is Debate Topic

Members of the Marinwood Assn. again came to no decision at their meeting Wednesday on whether to form a park and recreation district or a community services district.

A motion to form a community services district was presented by the association board as a result of months of study. Wednesday's meeting, although poorly attended, explored the subject for three hours, according to secretary Mrs. Betty Wallace. No action was taken primarily because members felt unready for such a big step, she said.

The issue will come up again at the July 8 meeting of the association.

'Signals For Summer' Will Be Focus Theme

"Fashion Focus," the popular fashion show luncheon at Rickey's, will be "Signaling for Summer" on Tuesday, when St. Raphael's Mothers' Guild will be in the spotlight.

With studies and togs for play, the Guild is vacation bound, be it traveling, boating, camping, swimming or bench warming at Little League Park.

Members of the Guild have spent a busy and successful year, and are looking forward to the annual Salad Bowl Luncheon in the early fall. St. Raphael's School was founded in 1884, staffed then as now by the Dominican Sisters. The Mothers' Guild was organized in 1928, purpose to coordinate the spiritual and educational forces of the home and school in a program of child training.

Casual signs of fashion will be introduced by Marion Bellamy, and modeled by nine members of the Guild, with their children.

Heading for the highway will be model Mrs. Dino Ghilotti, and son, Dick, merging traffic with Miss Sandra Schmitz.

Yielding the right of way to easy to care for, relaxed fashions, will be Mrs. Ervin Vickers and son, Craig, in gear by Junior Esquire.

Signals for fun in the sun will be worn by Mrs. Charles Franz and twins, Mary and Mark, no passing their pool in swimsuits by Bell's Children's Shop.

Summering the carefree way in new hair styles by Walter's Coiffure Studio, lovely to look upon, and a breeze to care for, making no detours, will be Mrs. Raymond Cerutti and Linda.

Danger, soft shoulders, a low-cut cotton, will be modeled by Mrs. Frank Soares Jr., escorted by son, Frankie, for those lazy evenings summering at their ranch.

Slow, tennis court, all set for a love of a game, will be Mrs. William F. Nave Jr. and daughter, Nancy.

Keeping right on the road to fashion, in distinctive clothes by Sarraes, Mrs. Charles Hasler and daughter, Missy, and friend, little Miss Susan Gresch.

Stop, pedestrian crossing, in the shape of summer, and most becomingly attired, Mrs. Robert Brusatori and daughter, Diane.

Signal ahead, and full sail for a busy summer of boating fun, Mrs. Gregory Haran and her eight children, who plan to spend many pleasant hours out on the bay.

Luncheon is served from 12.30 with fashions shown at 1 o'clock. Reservations may be made by calling Rickey's.

'SETTING GOALS'

Manor P-TA Tea Honors Teachers

"Setting Realistic Goals" was the five-minute subject presented by Homer Sisk, principal of Manor School at an afternoon tea, held recently in the multi-purpose room of the school by the Manor P-TA.

The tea was in honor of Manor teachers, with special recognition to Mrs. James Bell, who resigned because her husband received a one-year assignment in Santa Barbara.

Sisk informed all parents that commencing with the fall semester, Manor School would include elementary classes through eighth grade, and two classes each of first, second and seventh grades.

He also announced the following re-assignments this fall: Mesdames Leland Abramson, first grade; Paul Burnham, second grade; Miss Merle Conant, transferred from Central Fairfax to Manor, to take fifth grade vacated by Mrs. James Bell, and Tom Kelly, eighth grade (new class).

Much enthusiasm met the fourth graders whe opened the afternoon program with a presentation on the Spanish period in the history of California, followed by gay, Spanish dancing under direction of their teacher, Miss June Meese.

The fifth grade students dramatized a page in history on the Gold Rush period in California, as well as a most entertaining square dance with their teacher, Mrs. Bell, as caller.

Suzanne Gottschalk and Geraldine Tanzi, both fifth grade students, played the auto-harp to the accompaniment of the dancers.

In this informal setting, Mrs. Harry Schreibman, president of Manor P-TA, conducted a short business meeting. A social hour followed, with tea and homemade desserts served to guests seated at tables decorated with camellias.

ALPHA DELTA PI

Tape Recorder Is Presented For Society Speech Therapy

The Marin County Society for Crippled Children and Adults is the major community interest of Marin Alpha Delta Pis and in April a benefit telephone bridge party was held for the purpose of raising funds for needed equipment for the Society.

Since the society had initiated a trial summer speech therapy program for children last year and had found that the children were deriving much benefit from it, the board voted to continue the service. Therefore, the program will be offered again with the continued leadership of Mrs. James Berry, who, during the school year, is employed as speech therapist for the San Rafael Public

Because a tape recorder is indispensable to such a program for diagnosis and a record of individual improvement, the membership of Alpha Delta Pi voted to purchase and present the Society with a Wollensak recorder which because of its light weight is easily portable.

Alpha Delta Pis were busy planning their next year's program, too, at their May meeting at the home of Mrs. Glen Widdows in Lucas Valley. Dates already circled on the calendar are Sept. 19, a pot-luck dinner at the Greenbrae home of Mrs. William Hagler, the group's president. Oct. 21, Mrs. Alton Fountain of Novato will hostess for a luncheon, and on Nov. 28, Mrs. Bradford Muse will open her house in San Rafael for an evening meeting. Once again, Mrs. Robert Smallman of Kent Woodlands has invited the group for the annual Christmas party.

The January meeting has been set aside for preparing the Easter Seal literature for mailing, and in April, the group will again present its annual benefit bridge.

New Alpha Delta Pi Alumnae in the county are invited to contact Mrs. James Ricksecker of Pinewood drive in San Rafael.

Mrs. John Perkins Feted On Birthday

Mrs. John Perkins, a nurse on the staff of San Rafael General Hospital, was honored at a surprise birthday party Tuesday at the hospital. Mrs. Greta Souza and Mrs. Katherine Porter made the arrangements, and all members of the staff were invited.

Making the occasion somewhat different from other birthday parties given for hospital staffers was the fact that Mrs. Perkins was born at the hospital, on the date of June 9. She was given the name of June.

Mrs. Perkins resides in Bret Harte with her husband and their two children, Christopher and Dulce. The family moved back to Marin County a few months ago after living in the Islands for 12 years.

Mervyn Cowens Take 'Grandchildren's Tour'

Mr. and Mrs. Mervyn S. Cowen of Sausalito have returned from what they term "a grandchildren's tour." Leaving Sausalito just 12 days earlier, they flew to Dublin, Ireland for a visit with Mrs. Cowen's son, Dr. Sigmund Eisner, his wife and three children. Dr. Eisner is at Trinity College on a Fulbright Fellowship doing research on the Irish tales of Chaucer.

The Cowens' next stop was Paris for a few days with their daughter and son-in-law, Mr. and Mrs. Warren Trabant and their three children who live in the French capital.

On the return flight, an unscheduled landing in Labrador gave the Cowens a six hour glimpse of country not on their itinerary.

Raised bed gardening cuts down maintenance and makes the homeowner an outdoor "decorator." And the University of California has developed an almost foolproof soil mix for raised beds. U.C.'s system calls for ½ peat moss, ½ sand, plus fertilizers. The results: controlled fertilizing and watering, low maintenance, no more problem soil, and a lovely garden! Sunshine Peat Moss is ideal for the new mix. The reason: it's *Sphagnum*, best because it has long-lasting — and the highest — organic content, and holds the most water.

Santa Venetia To Graduate 77 Students

The first eighth grade graduating class at Santa Venetia School will receive diplomas at outdoor exercises at the school at 6:30 p. m. Thursday.

Diplomas will be given to 77 students by Frank L. Lucas, superintendent of San Rafael City Schools. The message to the graduates will be given by Webster D. Wilson, curriculum coordinator for San Rafael High School.

Student speakers will be Marty Salopek and Gerard Daniele. Lions Club awards to the outstanding girl and boy in the graduating class will be made by Thomas Young, president of the Santa Venetia Lions Club.

Betts Favors Vet Bond Bid Despite Higher Interest

SACRAMENTO (UPI) — State Treasurer Bert Betts has recommended that California sell a 100-million-dollar issue of veterans' bonds to a syndicate headed by Bank of America even though the interest cost will be higher than the national average.

Betts said yesterday he was disappointed with the bid of 3.9446 per cent interest which would cost $4,500,000 more during the life of the bonds than the average interest cost.

But he said he recommended approval of the bid because it was the only one submitted.

Money raised by the sale of the bonds will be used to finance state veterans' farm and home loans.

This Is Your Thrilling Travel Schedule

Sept. 29 Leave San Francisco via TWA's POLAR JETSTREAM flight . . .

2nd day . . . Arrive ROME

Transfer from Airport to Your Hotel.

3rd thru 5th days ROME . . .

Morning sightseeing by motorcoach, including Quirinal Palace, Trevi Fountain, Pantheon, Vatican Museum and Galleries, Sistine Chapel, and Villa Borghese. Afternoon sightseeing by motorcoach, including the Basilicas of St. Mary Major and of St. John Lateran, the Old Appian Way, the chapel of Domine Quo Vadis, and the Catacombs of Calixtus.

Morning excursion by motorcoach to Tivoli, where Villa d'Este and the Waterfalls will be seen, and thence to Hadrian's Villa.

6th day ROME to FLORENCE . . .

Commencing this date, you will begin your tour of Italy by motorcoach. Drive via the Hill Towns— Assisi and Perugia (lunch) — and Arezzo to Florence.

7th and 8th day FLORENCE . . .

The Italian center of art, and capital city of Tuscany, built on the banks of the River Arno. Dante, Machiavelli, Michelangelo, Leonardo da Vinci are names that come to mind in connection with Florentine art, literature, science and poetry. Our City Tour brings us to the imposing Cathedral of Santa Maria del Fiore and its Bell Tower, Baptistry, the Palazzo della Signoria, Uffizi Palace, the unique Ponte Vecchio, Palazzo Strozzi, and the Piazzale Michelangelo for a panoramic view of the city and Arno. Fiesole, a charming little Etruscan town near Florence, will also be visited.

9th day FLORENCE to VENICE . . .

Continue by motorcoach via Bologna and Padua to Venice.

10th day VENICE . . .

The fabulous City of Canals, built on more than one hundred islands with 400 bridges connecting the various sections. Here our City Tour is partly on foot visiting St. Mark's, noted for its gold mosaics, the Doges Palace, the Bridge of Sighs, the Campanile, all around St. Mark's Square. In the afternoon we ride the romantic gondola through some of the picturesque canals to see the Rialto Bridge, Frari Church, and the fantastic palaces seemingly growing out of the water. We shall also have an opportunity to watch the artisans creating the attractive Venetian glass and lace articles.

10th day VENICE . . .

If you can tear yourself away from the tempting shops, you may want to visit nearby Lido Beach, reached by public motorboat, which replaces the trolley.

11th day VENICE to MILAN . . .

Drive to Milan via Verona and the southern tip of Lake Garda.

12th day MILAN to ZURICH . . .

A short (1 hour) but spectacular flight over the Alps to Zurich.

13th and 14th days ZURICH . . .

The largest Swiss city, attractively situated at the head of Lake Zurich and the principal Swiss airport for international traffic. In Zurich you will enjoy the shopping for Swiss watches, silk, and the many other specialties in the tempting shops, particularly on the main street (Bahnhofstrasse), leading from the railroad station and air terminal to the beautiful waterfront. Full day excursion by motorcoach via Lake Zug and alongside Mt. Rigi to Lucerne (lunch), perhaps the most popular Swiss resort city, beautifully situated on the Lake of Four Cantons (also called Lake Lucerne), and surrounded by mountain scenery. It is here that you will do most of your shopping for Swiss specialties, watches, music boxes, woodcarvings, chocolate, etc., and while doing so you have the best opportunity to leisurely see the local sights, the ancient covered bridge, the elaborately decorated Guild Houses, the city walls (illuminated at night), and the famous Lion of Lucerne. Continue along Lake Lucerne and return via the Sihl Valley.

15th day ZURICH to GENEVA . . .

By afternoon train through the picturesque Swiss countryside and via Bern to Geneva (5½ hours).

16th day GENEVA . . .

League of Nations Palace, birthplace of the International Red Cross Organization and headquarters of the Swiss watch industry. The City Tour will introduce you to these high spots as well as the unique Reformation Monument, University, Conservatoire de Musique, etc. GENEVA TO PARIS by late afternoon flight to Paris (1¼ hours).

17th day thru 19th day PARIS . . .

The exquisite French capital, city of boulevards, art and gaiety. On the morning City Tour, you visit the Madeleine Church, American Embassy, the Champs Elysee, Arch of Triumph, Bois de Boulogne, Eiffel Tower, Napoleon's Tomb, and the Place de la Concorde, considered by many the world's most beautiful square. The afternoon tour takes you to the Louvre Museum, the Latin Quarter, Cluny Museum, La Sorbonne, Notre Dame Cathedral, and the Montmartre for an exquisite panoramic view of Paris and the winding River Seine.

On the afternoon excursion to Versailles we visit the palace with its richly decorated apartments, the Royal Chapel, the gardens and fountains.

Paris is noted for its glorious night life. To become acquainted with this phase, join the very comprehensive guided "Paris by Night" Trip to several of the leading cabarets, including the famous Lido, their floor shows, and even providing refreshments.

20th day Leave Paris for homeward flight on TWA POLAR JETSTREAM
